**Subject:** Council Meeting Testimony

RECEIVED  
SEP 16 10 21 AM '11  
CITY CLERK  
HONOLULU, HAWAII

Bill # 5 To Whom it may concern on the Council ~

This bill (#5) discriminates against the people who work for a living and prevents them from having an equal ability to use the park on Sundays, while there are several trucks parked ON THE ROAD JUST OUTSIDE THE PARK DOING ILLEGAL RENTALS and nothing is done to stop them, so they'll be doing their illegal rentals just outside the park entrance, while other companies trying to do things legally are shut down on Sundays.

This just isn't right.

Another reason to not pass this bill is that the Parks and recreation dept are at present evaluating different options regarding rules for commercial delivery to Kailua Beach park. For the City Council to restrict working peoples access to the beach park at the same time that the Parks Dept. is formulating new rules seems like a serious lack of co-ordination within the City Government at the very least.

I will not be there to testify, but I hope you will give my e-mail considerations.

Sincerely, Susan (Laxmi) Moore 256-3540
