Dear Chair Martin and Councilmembers:

Transmitted for your review and approval is a bill amending Chapter 15, Revised Ordinances of Honolulu, Section 15-3.1(c)(3), to authorize the City to publish such amended or additional schedules of traffic control devices on the City's website. The current statute provides that such amended or additional schedules are to be published in a daily newspaper of general circulation.

This proposed amendment is prompted by several factors. First, the cost of legal ads is now at an all time high. Previously, there used to be some competition between newspapers – now that there is none, the costs reflects the lack of options. Additionally, newspaper classified ads have been reaching decreasing numbers of citizens. Second, competitive bid notices, council meeting agendas/notices, road closures/rerouting detours, and request for consultant services are now routinely only posted or offered on-line. We believe that amending the ordinance to post our schedules on-line will meet the public intent of ordinance 15-3.1(c)(3), in a more efficient, effective, and economical way.

We have attached a table of comparative costs by fiscal year for your information. We project costs for FY12 to exceed \$20,000, which is three times the FY10 costs.

Should you have any questions, please contact me at 768-8303.

Very truly yours,
