Subject: Hold Bill 50 -- Stand with the Wai`anae Community

Mahalo for your past support of Wai`anae farmers and residents seeking to protect what makes their community so special.

Today, we urge you to stand up again against greed and outside pressure to urbanize Wai`anae. You have already heard considerable testimony from Wai`anae residents demonstrating the lack of consensus around many aspects of the current version of Bill 50.

This plan needs to go back to the community for more consultation. Or at the very least, those aspects of the plan that lack community consensus should be removed:

1. the Purple Spot -- the industrial zone in Lualualei Valley
2. the PIM symbol in Nanakuli
3. the expanded community growth boundary
4. Pohakea Pass as the identified route of the secondary access road.

Please help Wai`anae enact a community plan that reflects the consensus of the community.

Thank you.
