Greetings to all ! Not much time, gotta get to work, but just hope selfishness does not win, and the angry few with a big soap-box keep so many from enjoying the beach. Should commercial activity on Oahu be shut down ? Why stop with Kailua ? Why begin there ? Many places have much traffic, but that is part of life here ! Many enjoy paradise here, and many make a living sharing it with others. All the people who would shut it all down, I guess never travel anywhere.....may the places they go ban their activities too ! People need to have great activity to enjoy vacation with, and see the beauty here. Living here, it is a responsibility to share it. Economy matters too.....do not shut down commercial activity please.....or be fair, and shut it down all over the islands...! Aloha, .....what would Budda do ? or Jesus ? or Muhamed ? ect..... have a nice day ? roland
