Dear City Council,

Being on the City Council is a very important position, one that you would hope you council men and women would take very seriously. Should bill 44 pass, you will stripe your constituents out of jobs that we so desperately need to hold onto. To make changes in the laws without doing your research of which communities could and will be affected is irresponsible and wreckless. Please do the responsible task here and pass Bill 12 and 13. We understand the real intentions of bill 44 was to address the issue of gentleman farming, but to blanket equestrian related business that serves Hawaii's youth i unfair and irresponsible. The ripple affect extends well beyond the boarding facilities. This will impact Feed Stores, Farriers, Veterinarians, Western and English retail stores and horse trainers and instructor like myself.

Please do the responsible task....Pass bills 12 an 13.

Aloha for your time,
MIchelle Mizutani
