To Whom It May Concern,

As a Kailua resident of 30 years I am disturbed by the amount of traffic and commercial business's in and around the beach parks. I want to maintain the peace and beauty that our area has.

I hope that our representatives will respect our community 's needs and concerns . We welcome vsitors yet not to the levels that we've to deal had with big buses, and rental business's.

Yours,
Christina Matser
