

Mr. Chairman, members of the Council:

My name is Kenneth Kamiya and I am a small papaya farmer on the north shore of Oahu. I oppose council resolution 12-57 because it is totally unnecessary and will just at cost to my operation. Fear mongering on unsubstantiated claims by the proponents of this resolution is uncalled for and should be dismissed. If we allow emotional reasonings to guide our decisions, advances such as the ubiquitous microwave oven and cell phones would not be available today. Thank you.

Kenneth Kamiya
