Hello,

My name is Teresa Oh Happy and I am from Stanley Chang's district (Hawaii Kai to Waikiki). Being a grandmother, and a person that cares deeply about our food sources for now and in the future, I am asking you vote for Council Resolution 12-57 to support GMO labeling. We, the people, have the right to know if our food contains genetically engineered organisms. I've farmed organically (WA State) for years and have had to deal with over spray from conventionally grown fruit orchards onto our organic fields. That was a nightmare but now I know that it was minuscule to what Monsanto is doing by suing farmers for 'their' GMO crops contaminating non gmo neighboring farms. We need safe food. It is our birthright. Please vote in support of GMO labeling.

Thank you,

In Peace,
Teresa
