

P4, B12/30

Aloha Council Members,

I am writing to show my support of Bills 12 and 30 and to make some comments upon them as well.

Previous testimony was submitted from several sources endorsing the inclusion of horses as livestock, which neither Bill 12 nor 30 corrects. Additionally, no correction to include AG-2 land for pasturing horses has been made to the bills.

I feel strongly that these changes need to be made to the bills, or that Bill 44 should be completely rescinded.

Mahalo for your hard work concerning this matter.

Sincerely,

Lee A. Cuccia
