Testimony in Strong Support of Bill 11 CD1

Aloha, Council Members,

I have been a resident of Kailua since 1979 and have seen the transformation of our residential community toward a resort environment. I ask the Committee on Parks and Culture to take the first step to help us regain what residential zoning implies. We are not zoned commercial or resort. We should not be inundated with commercial vendors who would make Kailua a mini Waikiki. There is already a precedent to have different rules for different county beach areas. The flood of kayakers on the offshore islands disturbs the fragile environment. Please pass this bill to keep commercialism from overrunning our residential beaches and offshore islands. Thanks you.

Aloha,
Barbara Krasniewski
Kailua resident
