A BILL FOR AN ORDINANCE

SECTION 10. General Provisos.

(a) As used in this Ordinance:

"Agency" includes any department, office, board, commission, or other governmental unit of the City and County of Honolulu, as the case may be.

"Charter" or "RCH" means the Revised Charter of Honolulu 1973, as amended.

"City" means the City and County of Honolulu.

"Council" means the Council of the City and County of Honolulu.

"Government" means the federal government, the State government, the government of any other state, any political subdivision of any state, or any quasi-governmental entity.

"ROH" means the Revised Ordinances of Honolulu 1990, as amended.

(b) Limited purpose monies. The City may receive monies whose use is specified or otherwise limited by the monies' source from: (1) any governmental or quasi-governmental agency; (2) any private source including monetary gifts whose use is specified by the donor; or (3) any combination thereof. When such monies are received, the Director of Budget and Fiscal Services shall maintain special funds or accounts showing the monies so received and specifying the purposes for which they have been received and held.

All such monies specified in Sections 2 through 8 of this ordinance are appropriated in the amounts and for the purposes set forth, and all expenditures shall be made as provided by law. All other such monies not specified in Sections 2 through 8 of this ordinance and which are limited purpose monies are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d). Should revenues from this ordinance or from elsewhere exceed the amounts specified, the excess is hereby appropriated and may be expended in accordance with the provisions of the monies' source and of this section; provided that: (1) the scope of the funded project shall not be increased unless approved in accordance with subsection (d); (2) the excess monies are reported to the Council; and (3) when the funded project is financed by both City and non-City funds and the revenues from a non-City fund source exceed the amount approved in this ordinance, the City fund appropriation shall be decreased by the amount of the excess revenues unless such decrease would jeopardize the receipt of the increased amount from the non-City fund source or the award of the contract.

The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the capital budget fiscal year just ended, the amount of any excess monies received, and the function, program, and project to which the monies have been allotted for expenditure.

(c) Monetary gifts for unspecified purposes. The City may receive monetary gifts whose use is not specified or otherwise limited by the donor. All such monies are appropriated and may be expended by the City agencies included in this ordinance if the monies are approved as provided in subsection (d).

(d) All monies received pursuant to subsections (b) or (c), including appropriations or grants by the state government to the City and private grant agreements, shall be subject to Council approval and, if applicable, in accordance with Chapter 1, Article 8, ROH. Gifts shall be approved by the Council in accordance with Section 13-113 of the Charter and Council Resolution 05-349, CD1, FD1, or successor Council policy. The Council reserves the right to require any monies to be approved by an appropriate budget ordinance.

(e) Multi-purpose federal monies. Multi-purpose federal monies are monies from the United States of America, which are allocated by formula entitlements and may be expended for multiple purposes. Such monies include Community Development Block Grant monies, HOME Investment Partnerships Program monies, and monies via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time.

No expenditure of such monies shall be made unless the Council has authorized such expenditure by the enactment of or an amendment to a budget ordinance appropriating such monies in accordance with applicable Charter provisions, ordinances and other legal requirements. If such monies are received prior to an enactment of or amendment to a budget ordinance, the Director of Budget and Fiscal Services shall maintain such monies in special accounts showing the monies so received and specifying the purposes for which they have been received and temporarily held. A bill for an ordinance appropriating such monies shall be submitted to the Council as soon as possible following the receipt of such monies.

(f) The Council finds that the delay in program implementation incident to any reprogramming action, pursuant to certain Charter provisions involving Community Development Block Grant funds and/or HOME Investment Partnerships Program funds, or incident to any receipt of funds for these and via similar federal and state assistance programs, which Congress or the Legislature may enact from time to time, will jeopardize the availability and receipt of those funds. Accordingly, notwithstanding subsection 10(e) of this ordinance and pursuant to Section 13-122, RCH, the Council hereby waives Sections 3-204, 9-105 and 9-106, RCH, and authorizes all such reprogramming actions or receipt and expenditure of such funds in excess of the total amount appropriated by this ordinance to be taken by Council resolution.

(g) For the purposes of this subsection, "City funds" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park dedication funds, or private trust funds.

In the event there are monies in any City fund that, in the judgment of the Director of Budget and Fiscal Services, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where, in the judgment of the Director of Budget and Fiscal Services, such action will not impede the necessary or desirable financial operations of the City, the Director of Budget and Fiscal Services may make temporary transfers of loans to the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund up to the total amount of the appropriations authorized herein which are specified to be financed from the sale of general obligation bonds, notes or revenue bonds and to be expended from such funds; provided that monies transferred or loaned shall be used only for appropriations herein which are specified to be financed from the sale of general obligation bonds, notes or revenue bonds and to be expended from the Sewer Revenue Bond Improvement Fund, General Improvement Bond Fund, the Highway Improvement Bond Fund, and the Solid Waste Improvement Bond Fund. In all other cases, the Director of Budget and Fiscal Services may with the consent of the Council by resolution adopted on one reading and without publication, may make temporary transfers or loans therefrom without interest to other funds of the City.

All transfers or loans under this section shall be reimbursed or repaid no later than twelve months from the date on which the transfer or loans was made, unless a later date is approved by the Council resolution adopted on one reading without publication. Interest may be charged if the monies originate from enterprise funds.

Within 14 days of the transfer or loan, the Director of Budget and Fiscal Services shall report to the Council on: (1) the amount of transfer or loan required; (2) the reason or justification for the transfer or loan; (3) the total amount outstanding and unreimbursed in temporary transfers and loans for the fiscal year after making the subject transfer or loan; and (4) the anticipated date of reimbursement or repayment. The Director of Budget and Fiscal Services shall notify the Council of the reimbursement or repayment of the temporary transfer or loan as soon as such reimbursement or repayment is made. Such notification shall identify the source of funding of the reimbursement or repayment of the temporary transfer or loan.

(h) At the close of the each quarter, the Director of Budget and Fiscal Services shall submit to the Council a Statement of Cash Receipts and Disbursements showing for each quarter for each individual fund the cash balance at the start of the accounting period, the cash receipts and disbursements during the period, and the cash balance at the end of the month.

(i) Amounts appropriated for expenditure from the Capital Projects Fund and Federal Grants Capital Projects Fund shall be transferred to these funds as allotments are approved by the Mayor from the funds specified in this ordinance as providing the source of funding.

(j) Any appropriation authorized in this ordinance or any amendment thereto shall be valid for the fiscal year 2013 and twelve months thereafter. Any part of such appropriation which is not expended or encumbered shall lapse on June 30, 2014.

(k) If any portion of this ordinance or the application thereof to any person or circumstance is held to be invalid for any reason, the Council hereby declares that the remainder of this ordinance and all other provisions thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objectives of such appropriation to the extent possible.

SECTION 11. Project Adjustments Account.

The funds provided from the Project Adjustments Account may be expended to pay for any excess in contract price(s) or project cost when the contract price(s) or the project cost exceeds the City's estimate for land acquisition, planning, design, construction, inspection, relocation and equipment. The City Council's approval by resolution is required when the cumulative sum provided to a project from the Project Adjustments Account during a fiscal year exceeds either the lesser of $100,000 or ten percent of the budgeted amount.

A BILL FOR AN ORDINANCE

Whenever a project's contract is executed for an amount less than the project's appropriation, only that amount that is excess within that phase, shall be transferred to the Project Adjustments Account by the Director of Budget and Fiscal Services. The Director of Budget and Fiscal Services shall report all transactions to and/or from the account to the City Council within 30 days from the date the transfer was approved.

SECTION 12. Sewer Revenue Bonds.

For the capital improvements authorized in Section 5 hereof and designated to be financed from the proceeds of sewer revenue bonds, the Director of Budget and Fiscal Services is hereby authorized to issue sewer revenue bonds in such principal amount as shall be required to yield the amounts appropriated for each capital improvement, and, if so determined by the Director of Budget and Fiscal Services and approved in the resolution providing for the issuance of such sewer revenue bonds, such additional principal amount as may be deemed necessary by the Director of Budget and Fiscal Services to pay interest on such sewer revenue bonds during the estimated period of construction of the capital improvement for which such sewer revenue bonds are issued and for twelve months thereafter, to establish, maintain, or increase reserves for such sewer revenue bonds, and to pay all or any part of the expenses related to the issuance of such sewer revenue bonds. The aforesaid sewer revenue bonds shall be issued pursuant to Chapter 49, Hawaii Revised Statutes.

SECTION 13. Monies may be transferred to or from any project in the following programs to or from any project within the same function if the transfer is necessary to construct improvements to address unanticipated conditions that may affect the public's health and safety, or to meet federal or state requirements, except that no monies may be transferred to fund the planning, design, construction or inspection work phases of a second digester at the Sand Island Wastewater Treatment Plant. The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the fiscal year just ended, all monies that were transferred pursuant to this section.

SECTION 15. The detailed Statement of Revenues and Surplus contained in the Executive Operating Program for the Fiscal Year July 1, 2012 to June 30, 2013, as transmitted to the Council in the Executive Program and Budget for the Fiscal Year 2013, Volume 1 (Operating Program and Budget), and as amended in any Executive Operating Program amendments, is hereby incorporated by reference and adopted as an integral part of this ordinance. The detailed Statement of Revenues and Surplus contained therein may be further amended regarding any applicable fund by any amendment to the Executive Operating Budget ordinance, Executive Capital Budget ordinance, Legislative Budget ordinance, Operating Budget ordinance for the Honolulu Authority for Rapid Transportation, or Capital Budget ordinance for the Honolulu Authority for Rapid Transportation. In case of any conflict between the substantive provisions of the Executive Operating Program as transmitted and this ordinance or the above budget amendments, the provisions of this ordinance and any of the above budget amendments shall prevail.

SECTION 16. The Executive Capital Program for the Fiscal Year July 1, 2012 to June 30, 2013, as transmitted to the Council in the Executive Program and Budget for the Fiscal Year 2013, Volume 2 (Capital Program and Budget), and as amended in any Executive Capital Program amendments, attached hereto and made a part hereof, is hereby incorporated by reference and adopted as an integral part of this ordinance in the form of narrative descriptions of each capital project in Sections 2 through 8 herein. In case of any conflict between the substantive provisions of the Executive Capital Program and the Executive Program and Budget for the Fiscal Year 2013, Volume 2 (Capital Program and Budget), as transmitted to the Council, and this ordinance, the provisions of this ordinance and the amendments thereto shall prevail, and the specific provisos contained in the narrative descriptions of each capital project shall have the same force and effect as the general provisos contained in this portion of the ordinance.

The project number is included for accounting purposes only. In case of any conflict between the number and the project title in the ordinance, the project title shall prevail.

SECTION 10. GENERAL PROVISOS

Amend language in Section 12 (d) as follows:
"(d) All monies received pursuant to subsections (b) or (c), including appropriations or grants by the state government to the City and private grant agreements, shall be subject to Council approval and if applicable, in accordance with Chapter 1, Article 8, ROH. Gifts shall be approved by the Council in accordance with Section 13-113 of the Charter and Council Resolution 05-349, CD1, FD1, or successor Council policy. The Council reserves the right to require any monies to be approved by an appropriate budget ordinance."

SECTION 13.

Amend language in Section 13 as follows:
"Monies may be transferred to or from any project in the following programs to or from any project within the same function if the transfer is necessary to construct improvements to address unanticipated conditions that may affect the public's health and safety, or to meet federal or state requirements[.] , except that no monies may be transferred to fund the planning, design, construction or inspection work phases of a second digester at the Sand Island Wastewater Treatment Plant. The Director of Budget and Fiscal Services shall report to the Council no later than thirty days after June 30 detailing, for the fiscal year just ended, all monies that were transferred pursuant to this section.
