Subject: Budget Committee Testimony

Aloha Councilmembers,

I am sending testimony in strong opposition of Resolution 12-143. Parks are an important public resource for every community and should not be sold for private interests. The North Shore community has invested time and effort upon improvements to the park and deserve to keep the park for the benefit of all residents and the general public.

Please do the right thing and do not support or condone the sale of our beach parks. This is a huge concern for all communities and there is no excuse for closing and selling an actively used park.

Mahalo ,

Lisa Cates
