**Subject:** Testimony Bill 11, CD 1

Aloha Council Chair Martin and Councilman Anderson,

I support the intent of Bill 11, CD 1 which is intended to reserve our parks for residents use and not for commercial operations. I am not sure if a total ban is in the best interest of all community members. However, I support a total ban versus the current over commercialization of this or any other beach park on our island.

I hope that the city council can get a hold on this activity before it impacts other city parks around the island and the citizens have to play whack-a-mole around the island.

Ernie, I see your foot is mostly healed up and I got mine out of my mouth. And that's a good thing. Supporting this bill may help your foot heal faster as well as restore our confidence in the council.
