Dear Chair Martin and Councilmembers:

Subject: Proposed Bill for An Ordinance to Amend Chapter 9 of the Revised Ordinance of Honolulu 1990, as Amended, Relating to the Preparation of Integrated Solid Waste Management Plans

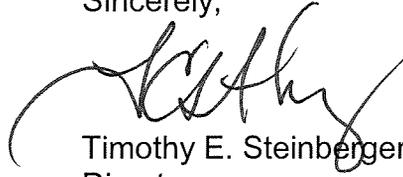

We respectfully request amendments to portions of Chapter 9 of the Revised Ordinance of Honolulu related to the submittal of integrated solid waste management plans to update the required submittal dates to coincide with changes in the Hawaii Revised Statutes (HRS) Section 342G-24 regulating the same reporting.

Following the establishment in ordinance of requirements to submit integrated solid waste management plans to the City Council every five (5) years, the HRS was changed to require the plan every ten (10) years with an interim status report submitted five (5) years after every submission.
