Aloha Zoning and Planning Committee members,

RE: Ewa DP and Haseko's project

I'm writing to urge your committee to allow Haseko to add a lagoon as an alternative to a marina on the Ewa Development Plan.

This change in Haseko's plan fits what our community needs. It's a great asset to have in our community and definitely more family oriented than a marina. It will be a new place for swimming and flatwater conditions for learning and practicing canoe paddling, kayaking, and other ocean sports like stand up paddling - which I find much more attractive place for families to gather.

This new plan also is better for our shoreline. The project no longer calls for breaking into our precious reef, instead it compliments what our rocky shoreline along the 'Ewa plain is missing.

Give your support for a better alternative for our families.
