RECEIVED  
CITY CLERK  
C & C OF HONOLULU

Aloha Chair Anderson and Zoning & Planning Committee members,

RE: Ewa Development Plan / Haseko's Project

Haseko has briefed me on their plans for a lagoon and I find that it is a better alternative to a marina. While a new marina would be a great asset for island boaters, a recreational lagoon would significantly increase our ocean recreation amenities in West Oahu. A new place for swimming and flatwater conditions for learning and practicing canoe paddling, kayaking, stand up paddling, and other ocean sports - these are much more valuable to the larger Oahu community.

The lagoon will offer so many opportunities for our island families to come and enjoy. Please give your support for Haseko's project.

Mahalo,
