CITY CLERK
HONOLULU, HAWAII

As a taxpayer and registered voter, I am urging the discussion of the matter of safety and unsanitary conditions at Thomas Square Park in Honolulu be addressed. The (de) Occupy Honolulu people have basically taken up residence along the sidewalks, this makes it impossible to park and get out of your cars, much less handicap persons that need to go up the curb to the safety of the sidewalk. Apparently some of the squatters have taken to relieve themselves in the gutters and elsewhere around the park and not in the restrooms. I suggest each member of the council take a field trip to Thomas Square, get out of their cars and walk the premises to have a firsthand account of the situation. This was previously a beautiful park that was kept up very well by the groundskeepers but it has sadly fallen to dire situation it is now in.

Thank you,
Margaret P. Bowen
