Subject: Pass Bill 25 for Smoke-Free Parks & Beaches Island-Wide!

Please pass Bill 25, extending the existing smoking ban to all of our public parks and beaches on O`ahu.

I was excited to see the passage of Bill 72, and strongly support the expansion to an island-wide smoking ban, in order to protect the health of our residents, visitors, and marine life at all beaches.

There is no safe level of exposure to tobacco smoke. The only way to protect the health of all of Hawai`i's people is to create 100% smoke-free environments at the parks and beaches where so many people spend treasured moments playing, working, spending time with their families and enjoying our island's beauty.

Subject: Pass Bill 25 for Smoke-Free Parks & Beaches Island-Wide!

Please pass Bill 25, extending the existing smoking ban to all of our public parks and beaches on O`ahu.

I was excited to see the passage of Bill 72, and strongly support the expansion to an island-wide smoking ban, in order to protect the health of our residents, visitors, and marine life at all beaches.

There is no safe level of exposure to tobacco smoke. The only way to protect the health of all of Hawai`i's people is to create 100% smoke-free environments at the parks and beaches where so many people spend treasured moments playing, working, spending time with their families and enjoying our island's beauty.

Re: Support, With Reservations, of Bill 25

Date: May 7, 2013

I am writing in support of Bill 25, which amends the law to include a ban on smoking in all County parks, beaches, and municipal golf courses.

The dangers of smoking and second-hand smoke are well-known, and no one should have to be willingly exposed to it – especially in public places.

My only reservation with Bill 25 is that it will take more resources to inform, educate, and enforce the whole island of Oahu, rather than starting with a smaller area. Many locations that have gone smoke-free have relied upon the efforts of community groups to assist with the outreach and education. If the City & County chooses to have the whole island go smoke-free at one time, then they should be willing to also provide these groups – which are largely run by volunteers – with financial resources to help implement this law successfully.

I encourage you to pass Bill 25, but only if you are also willing to provide reasonable fiscal support.

Mahalo,

Maile Sakamoto
