Subject: Support for Bill 11 (2013), CD2

Dear Councilmember Anderson:

I am a constituent (I live at 46-369 Haiku Road), and I would like to express my support for Bill 11 (2013), CD2, specifically, the acquisition of property that shall serve as a center to tutor individuals in reading, writing, spelling and handwriting. These are essential and necessary skills to develop educated and contributing members to our Hawai'i economy. Reading, writing, spelling and handwriting skills are important for all people, students K-12, post high school and working adults. It is necessary to have a center to provide tutoring in these skills, as the work must be done in a quiet environment with materials close at hand.

In addition, I would like to impress upon the City Council that the passage of this bill would provide jobs for the construction of the tutoring center and for tutors and staff once the center is built. The tutoring center would be a center of learning. Students would gain self-esteem and skills that are required as they become members of the work force themselves.

The tutoring center would be an asset to our community, and I respectfully urge the City Council to pass Bill 11 (2013), CD2.

Sincerely,
Liane Kimura Briggs
