Subject: Pass Bill 25, CD2, for Smoke-Free Beaches & Parks on all of O'ahu!

CITY CLERK
HONOLULU, HAWAII

Please pass Bill 25, CD2, extending the existing smoking ban to all of our public parks and beaches under the maintenance of the City & County of Honolulu.

I was excited to see the passage of Bill 72, and strongly support the expansion to an island-wide smoking ban, in order to protect the health of our residents, visitors, and marine life at all beaches.

There is no safe level of exposure to tobacco smoke. The only way to protect the health of all of Hawai'i's people is to create 100% smoke-free environments at the parks and beaches where so many people spend treasured moments playing, working, spending time with their families and enjoying our island's beauty.

Subject: Pass Bill 25, CD2, for Smoke-Free Beaches & Parks on all of O`ahu!

Please pass Bill 25, CD2, extending the existing smoking ban to all of our public parks and beaches under the maintenance of the City & County of Honolulu.

I was excited to see the passage of Bill 72, and strongly support the expansion to an island-wide smoking ban, in order to protect the health of our residents, visitors, and marine life at all beaches.

There is no safe level of exposure to tobacco smoke. The only way to protect the health of all of Hawai`i's people is to create 100% smoke-free environments at the parks and beaches where so many people spend treasured moments playing, working, spending time with their families and enjoying our island's beauty.
