Aloha Councilmembers,

RE: Bill 65 Ewa DP

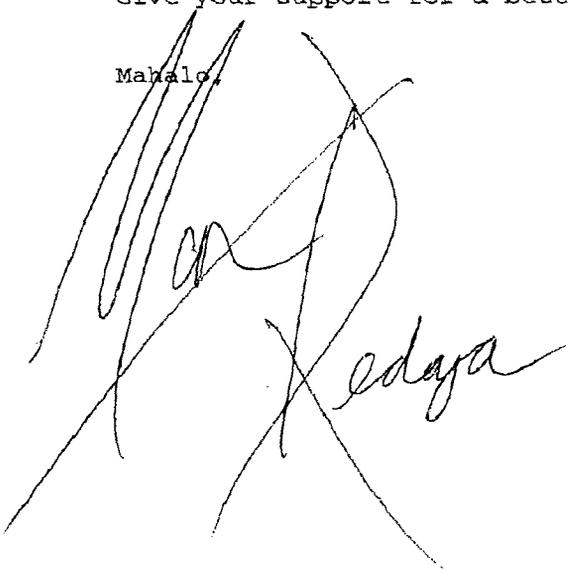

Please support Haseko's modification to allowing to add a lagoon as an alternative to a marina on the Ewa Development Plan. As a resident of the leeward coast, my family and friends are looking forward to enjoying Haseko's planned lagoon.

This change in Haseko's plan fits what our community needs. It will be a new place for swimming and flatwater conditions for learning and practicing canoe paddling, kayaking, and other ocean sports like stand up paddling.

This new plan also is better for our shoreline. The project no longer calls for breaking into our precious reef, instead it compliments what our rocky shoreline along the 'Ewa plain is missing.

Give your support for a better alternative for our families.
