My name is Eleanor George, I have lived in Ewa Beach for 16 years. I have had to use a ambulance many of times due to my many of illnesses. One ambulance is not enough. The last time I called I had a allergic reaction at 2:30 am. It took the ambulance over 20 minutes to get here. I was lucky, it was not a anaphylaxis attack or I would be dead. I urge the Honolulu Government to get a second ambulance or we really need three. As with our closest hospital has closed, and it is a nightmare at Pali Moni. I know as I was there in April. We have many elderly people that live in my area. It is not safe, nor right to allow us to live in fear of no ambulance.

Thank you
Sincerely Eleanor George
