The acceptance and buy-in of the business community, our students and our 73,000 residences are essential components in assisting FHSC68F in the creation of a CDC. This CDC will drive the key Grant Activity as well as outcome. The CDC will conduct meetings with the community to teach, train, and listen to their wants and concerns. From these meetings we will create the strategic plan.	Community Development

52	Read Aloud America	Read Aloud America programs in Hawaii schools have reached over 315,000 program attendees since the first program in 1999, including over 70,000 on Oahu. Read Aloud America is seeking funding to provide 6 Read Aloud Programs - one each in Council Districts 1,4,5,6,7, and 9 - to high-needs schools in 2015. These programs are expected to serve approximately 18,800 participants.	\$297,132.06	RAA's Read Aloud Program (RAP) is a Hawaii-only program offered in evening sessions for 12 weeks at needy schools to teach parents how to develop strong, unbreakable communication skills with their children; and teach their children to love reading for both pleasure and education, limit technology as a replacement for family interaction, and develop positive lifelong learning habits.	Grant would fund 6 low-income, high-needs schools in different Council districts, and serve estimated 18,800 participants. Results from RAP show that families watch less TV and spend more time together after participating; parents are more involved in their children's learning; and students have both an increased interest in reading and a more positive attitude toward school. 53	Hawaii Cedar Church	In December 2013, Hawaii Cedar Church (HCC) celebrated it's 40th Anniversary. The times and congregation have changed significantly over the years but HCC's commitment to Christian principles to love and assist "those who are the least" in material and spiritual aspects has never wavered. HCC has proven to be more committed than ever to the causes of the homeless, elderly, and families in need.	\$369,000.00	For 8 years we have integrated our homeless shelter, foodbank to needy elderly and families, and low-income substance abuse recovery house into one vital and efficient ministry that feeds 75 people 3 times/day 7 days a week, and distributes food to 200 elderly and families once per week. In 2012 we bought 4 acres in Waianae to create a sustainable farm staffed in part by 32 homeless residents.	Continue to provide 3 meals/day to 96 homeless living at HCC and farm; expand the foodbank distribution to 2 days (300). House 4 more families at farm (56 people total) after renovating the four existing houses. Measure outcomes by total number of people served meals at HCC and farm and increased number of people served by the foodbank. Farm sustainability progress to be self-evident in year 1.. 55	Adult Friends for Youth	The genesis of Adult Friends for Youth is a Federal Grant in 1984. AFY has provided therapeutic services in the City and County of Honolulu for the past 27 years. The mission of AFY, a 501 (c) (3) is to reduce substance abuse, gang-related activities, and family dysfunction to achieve rewarding lives and become productive citizens.	\$352,842.00	The exigency of circumstances surrounding high-risk youth dictates timely responses to empower, teach, help, and support 70 youth in the City and County of Honolulu. KGC provides a variety of programs for older adults (65 years and older) in need of medical and social services with the goal of providing the level of care that meets the physical, social and psychological needs of KGC's residents/participants, and strives to prevent the deterioration of their mental and physical conditions.	\$30,000.00	Due to rising operating costs and budgetary constraints, off-site activities, excursions, and outings for KGC residents/participants were reduced which impacts the quality of service provided to these seniors. The acquisition of an 8-passenger van will allow KGC to offer off-site activities, excursions and outings that meet the unique needs of its residents and participants.	KGC's grant proposal is to provide its 86 senior residents/participants with the opportunity to participate in off-site activities and excursions. This would give the seniors a sense of independence and help preserve their self dignity. KGC will monitor the health and mental status of its residents/participants for improvements based on the offering of more frequent off-site activities.	Public Service - Seniors

By delivering equal access to PBS Kids programs across Oahu, we will know, via national data, that children in Hawaii who cannot afford preschool can gain literacy and STEM skills that can help them succeed in life. 112	Oahu SPCA	The OSPCA started in 2009, based on a no-kill philosophy and a mission that "every healthy, treatable animal will find a forever home." We have assumed the responsibility for animal rescue and control on Oahu thanks to private donations and our volunteer force. We are the primary animal welfare organization in Hawaii. We foster or rescue companion animals, abandoned pets, and feral animals.	\$148,404.00	We provide spay and neuter services including free or reduced-fee sterilization; rehabilitation programs to prepare animals for adoption; and a foster care program to give animals a second chance to get adopted. When the Humane Society discontinued animal retrieval, the onslaught of animals has been huge. We normally care for 2,000 animals per year - we are estimating 3,000 animals this year.	OSPCHA cares for about 250 animals per day. 2,000 animals are rescued, rehabilitated and placed in new homes each year with the help of donations, grants and help from over 4,000 volunteers. Our large volunteer force ensures that most of the funds we receive go to the care, medical and behavioral treatment of rescued animals including surgeries, sterilization, micro-chipping and inoculations.
