**EXHIBIT A**

10. GENERAL PROVISIONS  
LIC- N62478-09-RP-00028

- a. The Licensor hereby grants to the Licensee the right to use the premises or facilities described in item 3, together with the necessary rights of ingress and egress.
- b. This License shall be effective for the period stated in item 2 and is revocable at any time without notice at the option and discretion of the Licensor or its duly authorized representative.
- c. The use shall be limited to the purposes specified herein.
- d. This License shall be neither assignable nor transferable by the Licensee.
- e. If utilities and services are furnished the Licensee for its use of the premises the Licensee shall reimburse the Licensor for the cost thereof as determined by the Licensor in accordance with applicable statutes and regulations.
- f. The Licensee, at its own cost and expense, shall protect, maintain, and keep in good order, the premises or facilities licensed hereby. At the discretion of the Licensor this obligation shall include, but not be limited to, contribution toward the expense of long-term maintenance of the premises or facilities, the necessity for which accrued during the period of Licensee's use. The amount of expense to be borne by the Licensee shall be determined by prorating the total expense of the item of long-term maintenance on the basis of fractional use by the Licensee. This fractional part of the total expense shall be prorated further if the item of long-term maintenance did not accrue in its entirety during the Licensee's use. Upon a determination by the Licensor that the necessity exists for an expenditure of funds for maintenance, protection, preservation or repair, the Licensee shall pay to the Licensor its proportionate share, on demand.
- g. No additions to, or alterations of, the premises or facilities shall be made without the prior consent of the Licensor. Upon revocation of surrender of this License, to the extent directed by the Licensor, the Licensee shall remove all alterations, additions, betterments and improvements made, or installed, and restore the premises or facilities to the same, or as good condition as existed on the date of entry under this License, reasonable wear and tear excepted.
- h. The Licensee shall be liable for any loss of, or damage to, the premises or facilities incurred as a result of its use and shall make such restoration or repair, or monetary compensation as may be directed by the Licensor. The Licensee's liability for loss or damage to the premises resulting from risks expressly required to be insured hereunder shall not exceed the amount of insurance so required. The Licensee shall not be liable for loss of, or damage to, the premises arising from causes beyond the control of the Licensee and occasioned by a risk not in fact covered by insurance and not customarily covered by insurance in the locality in which the premises are situated. Nothing contained herein, however, shall relieve the Licensee of liability with respect to any loss or damage to the premises, not fully compensated for by insurance, which results from willful misconduct, lack of good faith, or failure to exercise due diligence, on the part of the Licensee. All insurance required of the Licensee on the premises shall be for the protection of the Licensor and the Licensee against their respective risks and liabilities in connection with the premises. Each policy of insurance against loss or damage to Government property shall name the Licensee and the United States of America, Department of the Navy, as the insured and shall contain a loss payable clause reading substantially as follows:
- "Loss, if any, under this policy shall be adjusted with (Name of Licensee) and the proceeds, at the direction of the Government, shall be payable to (Name of Licensee), and proceeds not paid to (Name of Licensee) shall be payable to the Treasurer of the United States of America."
- In the event that any item or part of the premises or facilities shall require repair, rebuilding or replacement resulting from loss or damage, the risk of which is assumed under this paragraph h, the Licensee shall promptly give notice thereof to the Licensor and, to the extent of its liability as provided in this paragraph, shall upon demand, either compensate the Government for such loss or damage, or rebuild, replace or repair the item or items of the premises or facilities so lost or damaged, as the Licensor may elect. If the cost of such repair, rebuilding, or replacement exceeds the liability of the Licensee for such loss or damage, the Licensee shall effect such repair, rebuilding or replacement if required so to do by the Licensor, and such excess of cost shall be reimbursed to the Licensee by the Licensor. In the event the Licensee shall have effected any repair, rebuilding, or replacement which the Licensee is required to effect pursuant to this paragraph, the Licensor shall direct payment to the Licensee of so much of the proceeds of any insurance carried by the Licensee and made available to the Government on account of loss of or damage to any item or part of the premises or facilities as may be necessary to enable the Licensee to effect such repair, rebuilding or replacement. In event the Licensee shall not have been required to effect such repair, rebuilding, or replacement, and the insurance proceeds allocable to the loss or damage which has created the need for such repair, rebuilding or replacement have been paid to the Licensee, the Licensee shall promptly refund to the Licensor the amount of such proceeds.
- i. The Licensee shall indemnify and save harmless the Government, its officers, agents, servants and employees from all liability under the Federal Tort Claims Act (62 Stat. 869, 982; 28 U.S.C. Sec 2671, 2680) or otherwise, for death or injury to all persons, or loss or damage to the property of all persons resulting from the use of the premises by the Licensee, and shall furnish the insurance specified in Item 9. Each policy of insurance required in Item 9 covering bodily injuries and third party property damage shall contain an endorsement reading substantially as follows:
- "The insurer waives any right of subrogation against the United States of America which might arise by reason of any payment made under this policy."
- j. All insurance required by this License shall be in such form, for such periods of time, and with such insurers as the Licensor may require or approve. A certificate of insurance or a certified copy of each policy of insurance taken out hereunder shall be deposited with the Licensor's local representative prior to use of the premises and facilities. The Licensee agrees that not less than thirty (30) days prior to the expiration of any insurance required by the Licensee, it will deliver to the Licensor's local representative a certificate of insurance or a certified copy of each renewal policy to cover the same risks.
- k. No member of or Delegate to Congress, or Resident Commissioner shall be admitted to any share or part of this License or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this License if made with a corporation for its general benefit.
- l. The Licensee warrants that it has not employed any person to solicit or secure this License upon any agreement for a commission, percentage, brokerage or contingent fee. Breach of this warranty shall give the Government the right to annul this License or in its discretion to recover from the Licensee the amount of such commission, percentage, brokerage or contingent fee in addition to the consideration herein set forth. This warranty shall not apply to commissions payable by the Licensee upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the Licensee for the purpose of securing business.
- m. In connection with the performance of work under this License, the Licensee agrees not to discriminate against any employee or applicant for employment because of race, religion, color, or national origin. The aforesaid provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Licensee agrees to post hereafter in

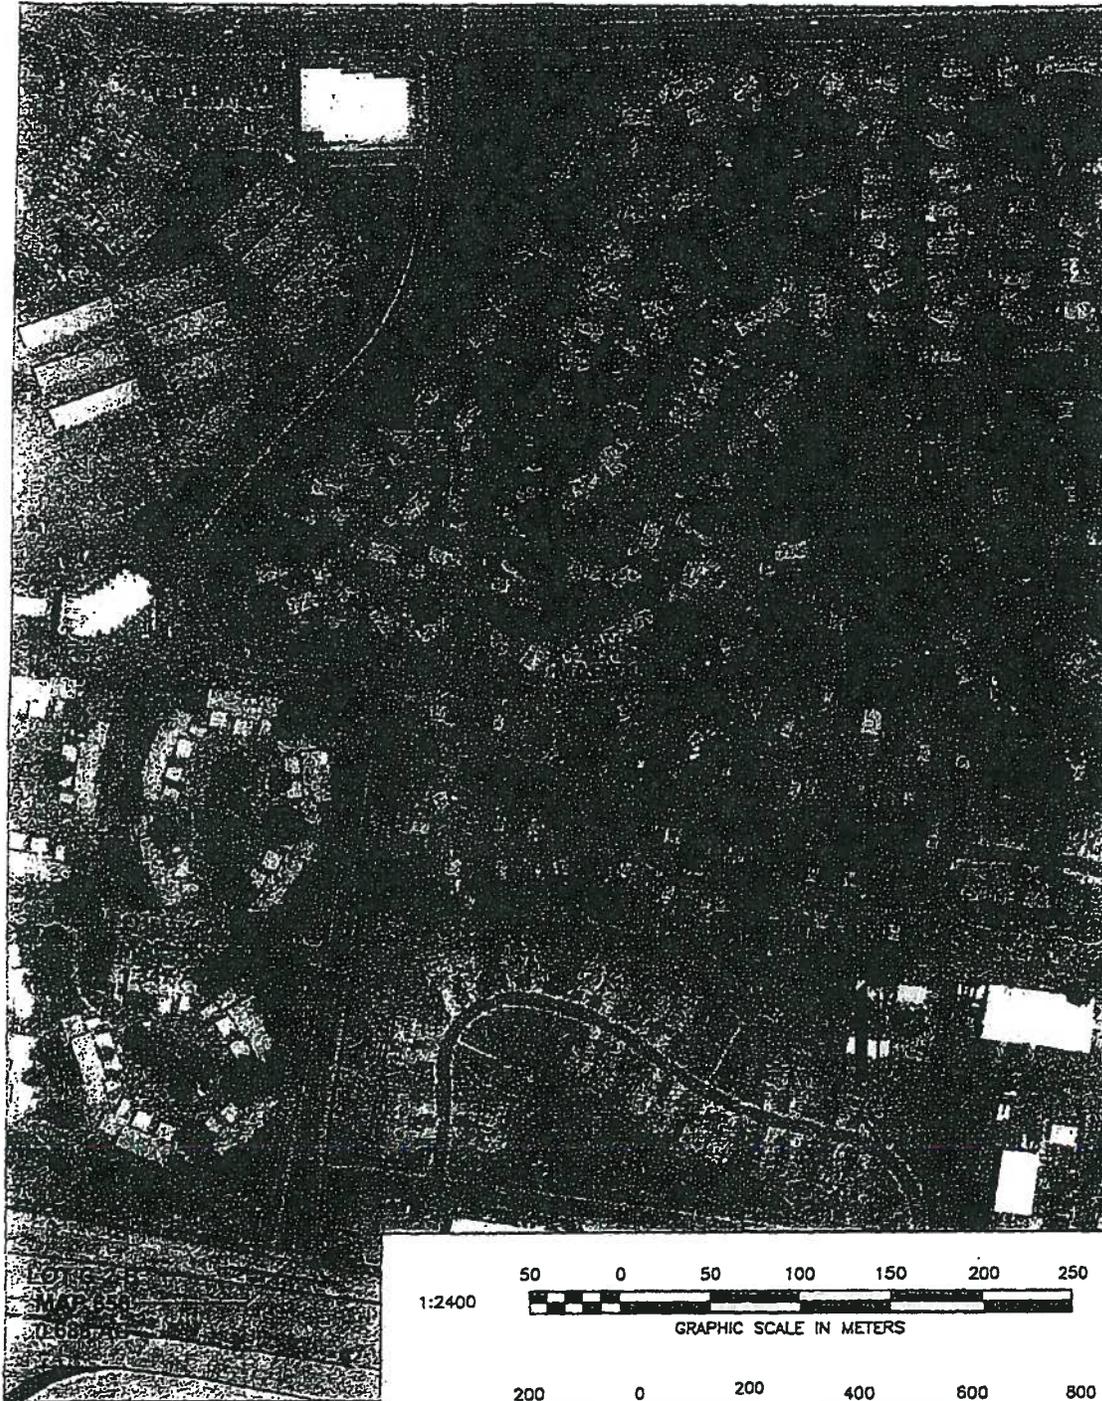

conspicuous places available for employees and applicants for employment, notices to be provided by the Licensor setting forth the provisions of the nondiscrimination clause. The Licensee further agrees to insert the foregoing provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

n. All activities authorized hereunder shall be subject to such rules and regulations as regards supervision or otherwise, as may, from time to time, be prescribed by the local representative of the Licensor as designated in Item 5a.

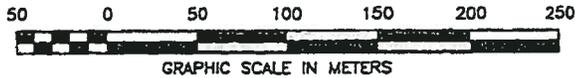

o. In the event of damage, including damage by contamination, to any Government property by the Licensee, his officers, agents, servants, employees, or invitees, the Licensee, at the election of the Government, shall promptly repair, replace, or make monetary compensation for the repair or replacement of such property to the satisfaction of the Government. Prior to the execution of an outgrant, the Licensee shall provide evidence of compliance with all local, state, and federal environmental laws and regulations. In the event that the Licensee will process, dispose, generate or handle any contaminants, hazardous wastes or hazardous substances, the Licensee shall obtain insurance or post a bond in an amount sufficient to cover possible cleanup costs. The amount shall be determined by the Commander/Commanding Officer.

SPECIAL PROVISIONS  
LICENSE N62478-09-RP-00028

1. The Licensee hereby assumes responsibility for the enforcement of all traffic regulations within the licensed premises and will ensure the strict enforcement of posted speed limits.
  
2. The Licensee shall, at its own cost, properly maintain the licensed premises at all times. Such maintenance shall include, but not be limited to, the following:
  - a. The resurfacing of the roads.
  - b. The provision of adequate traffic control devices.
  - c. The cleaning of drainage ditches.
  - d. The trimming of vegetation and brush.
  - e. The removal of litter along the roadways.
  
3. The Licensee shall have the right to terminate this license upon thirty (30) days written notice to the Local Government Representative, said notice commencing with the day after the date of mailing; provided the Licensee has fully performed any obligations under the Special Provisions herein as may have been requested by the Local Government Representative prior to said notice of termination being given.

- i. The Licensee, to the extent allowed by law, agrees to release and hold the Licensor and its employees harmless from, and to indemnify and defend them against, loss or damage to property caused by or arising from its use of the Premises, irrespective of the contributory fault of the Licensor. In the event that any item or part of the Premises shall require repair, rebuilding or replacement (collectively, "repair") resulting from loss or damage, the risk of which is assumed under this License, the Licensee shall promptly give notice to the Licensor and, to the extent of its liability as provided in this paragraph, shall either compensate the Licensor for any loss or damage within thirty (30) days of receipt of a statement, or repair the lost or damaged item or items of the Premises, as the Licensor may elect. If the cost of repair exceeds the liability of the Licensee for any loss or damage, the Licensee shall effect the repair if required so to do by the Licensor, and the excess of cost shall be reimbursed to the Licensee by the Licensor within thirty (30) days of receipt of a statement. In the event the Licensee shall not have been required to effect the repair, and the insurance proceeds allocable to the loss or damage that has created the need for the repair have been paid to the Licensee, the Licensee shall promptly refund to the Licensor the amount of the proceeds.
- k. The Licensee, to the extent allowed by law, shall indemnify and save harmless the Licensor, its officers, agents, servants and employees from, and defend it and them against, all liability under the Federal Tort Claims Act (28 U.S.C. §§ 2671 and 2680) or otherwise, for death or injury to all persons, or loss or damage to the property of all persons resulting from its use of the Premises, unless caused, or contributed to, by the willful misconduct or gross negligence of the Licensor.

Payments of losses shall be made to "Treasurer of the United States". Each policy of insurance required in Item 9 covering bodily injuries and

third party property damage shall contain an endorsement waiving the insurer's right of subrogation against the United States of America. No cancellation, reduction in amount, or material change in coverage shall be effective until at least sixty (60) days after receipt by the Licensor of written notice. Notwithstanding the foregoing, any cancellation of insurance coverage based on nonpayment of the premium shall be effective only upon thirty (30) days' written notice to the Licensor. Each insurer shall have a rating of at least B+ for financial strength in the latest edition of *A.M. n. The Licensee warrants that it has not employed any person to solicit or obtain this License upon any agreement for a commission, percentage, brokerage or contingent fee. Breach of this warranty shall give the Licensor the right to annul this License or in its discretion to recover from the Licensee the amount of that commission, percentage, brokerage or contingent fee in addition to the consideration for this license. This warranty shall not apply to commissions payable by the Licensee upon contracts or sales obtained or made through bona fide established commercial or selling agencies maintained by the Licensee for the purpose of acquiring business.

o. In connection with the performance of work under this License, the Licensee agrees not to discriminate against any employee or applicant for employment because of race, religion, color, or national origin. Non-discrimination shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Licensee agrees to post in conspicuous places available for employees and applicants for employment, notices to be provided by the Licensor setting forth the provisions of the nondiscrimination clause. The Licensee further agrees to insert the foregoing provision in all subcontracts for work under this License, except subcontracts for standard commercial supplies or raw materials.

p. All activities authorized under this License shall be subject to rules and regulations regarding supervision or otherwise, that may, from time to time, be prescribed by the local representative of the Licensor.

q. In the event of damage, including damage by contamination, to any Government property by the Licensee, its officers, agents, servants, employees, or invitees, the Licensee, at the election of the Licensor, shall promptly repair, replace, or make monetary compensation for the repair or replacement of that property to the satisfaction of the Licensor. That obligation includes any damage discovered from the physical condition and environmental condition inspections required at condition r, notwithstanding the expiration or earlier termination or revocation of this License.
