RESOLUTION

APPROVING THE CITY AND COUNTY OF HONOLULU'S TWENTIETH (20th) YEAR ACTION PLAN FOR COMMUNITY DEVELOPMENT BLOCK GRANT, HOME INVESTMENT PARTNERSHIPS, EMERGENCY SOLUTIONS GRANTS AND HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS PROGRAM FUNDS, AND AUTHORIZING ITS SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT.

WHEREAS, Section 1-8.2 of the Revised Ordinances of Honolulu 1990, as amended, requires prior City Council review and approval of any intergovernmental agreement or any amendments thereto, which places an obligation upon the City and County of Honolulu (hereinafter referred to as the "City") or any department or agency; and

WHEREAS, said Section 1-8.2 further requires prior City Council review and approval of any application or any amendment thereto, relating to the carrying out of an intergovernmental agreement; and

WHEREAS, Section 1-8.3 of the Revised Ordinances of Honolulu 1990 ("ROH"), as amended, further requires prior City Council review and approval of any Annual Action Plan prepared by a city agency relating to Community Planning and Development ("CPD") formula entitlement monies; and

WHEREAS, the City desires to apply for CPD formula entitlement monies under the Community Development Block Grant ("CDBG"), HOME Investment Partnerships ("HOME"), Emergency Solutions Grants ("ESG") and Housing Opportunities for Persons With AIDS ("HOPWA") programs now being administered by the U.S. Department of Housing and Urban Development (hereinafter referred to as "HUD") by submitting its Twentieth (20th) Year Action Plan (hereinafter referred to as the "Action Plan") to HUD; and

WHEREAS, the City possesses the legal authority to apply for and the ability to execute the proposed CDBG, HOME, ESG and HOPWA programs; and

WHEREAS, the City has followed HUD requirements and guidelines for the preparation of the Action Plan and application for said funds; and

WHEREAS, a copy of the proposed Action Plan is attached hereto as Exhibit A; and

RESOLUTION

WHEREAS, pursuant to said Section 1-8.3, the City Council may approve the Action Plan by resolution; and

WHEREAS, the City Council has reviewed the Action Plan, the programs and projects thereunder proposed by the City to HUD for CDBG, HOME, ESG and HOPWA funding; now, therefore,

BE IT RESOLVED by the Council of the City and County of Honolulu that the Action Plan is hereby approved; and

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to:

1. Execute and submit the Action Plan to HUD;
2. Accept, disburse, and expend CDBG, HOME, ESG, and HOPWA program funds for the projects and activities identified in the Action Plan, as approved by HUD;
3. Execute such assurances, representations, or certifications as are required by HUD;
4. Furnish such additional information, data, and reports as may be required by HUD;
5. Execute grant agreements on behalf of the City and County of Honolulu with HUD; and
6. Execute any incidental or related amendments, agreements or documents in furtherance of the Action Plan or grant agreement, including but not limited to any subrecipient agreements with governmental and nongovernmental subrecipients;

and

BE IT FURTHER RESOLVED that the Mayor is hereby directed to advise the City Council in writing of any changes to the Action Plan and the approval or denial of the Action Plan by HUD, and further, to forward to the City Council a copy of HUD's letter of approval or denial; and

RESOLUTION

BE IT FINALLY RESOLVED that copies of this Resolution be transmitted to the Director of the Department of Community Services and the Director of the Department of Budget and Fiscal Services.

I. EXECUTIVE SUMMARY

A. Introduction

The Draft Twentieth (20th) Year Action Plan for the City and County of Honolulu (City) represents a blueprint for the planning and application aspects of HUD's Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), HOME Investment Partnerships (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) formula programs. The purpose of the Action Plan is to ensure that jurisdictions receiving federal assistance plan for the housing and related needs of low- and moderate-income families in a way that improves the availability and affordability of decent, safe and sanitary housing and a suitable living environment.

B. Housing and Homeless Needs Assessment

Figures from the U.S. Census for 2012 estimate Oahu's population at 953,207, which is approximately 75% of the population of the State. Although the growth rate of the general population has slowed in recent years, segments such as the elderly continue to rise rapidly and represent a significant trend. In addition, Honolulu has a pent-up demand for housing estimated at 18,013 units for the five year period from July 1, 2010 – June 30, 2015. Of this demand, the greatest needs are and will continue to be in the low- and moderate-income households, those making 80% of median income. These income groups exhibit the highest incidence of housing problems – cost burden, substandard units and overcrowding. Other sub-populations that require affordable housing are special needs groups such as frail elderly, persons with disabilities, persons with HIV/AIDS, youth and ex-offenders.

Honolulu had an estimated point-in-time homeless population in 2013 of 4,556 homeless persons on Oahu at any given time during the year. In 2006, there were 12,930 hidden homeless households, households doubled-up or sharing accommodations with others because they could not afford their own homes. The number of at-risk households, households who would lose their housing unit if the chief wage earner were without a job for three months, increased to 57,283 households from 36,454 households in 2003.

An earlier homeless study conducted in 2003 concluded that, on a Statewide-basis, a majority of the homeless were lifetime or long-time residents of Hawaii, and that slightly over one third are Hawaiian or part-Hawaiian, well above the ethnic percentage of the general population. In addition, the "hidden homeless" has almost doubled in the past decade, as those that can least afford rent are driven out of a tight housing market.

For a more detailed assessment, please refer to the Final Amended Consolidated Plan for Fiscal Year (FY) 2011-2015.

C. Housing Market Analysis

Honolulu remains one of the highest priced housing markets in the country. Housing remains unaffordable for most residents. In addition, the "hidden homeless" has almost doubled in the past decade, as those who can least afford rent are driven out of a tight housing market.

For a more detailed assessment, please refer to the Final Amended Consolidated Plan for FY 2011-2015.

D. Strategic/Action Plan

The City has allocated a total of \$14,178,541 in the following programs: \$8,479,841 in Community Development Block Grant (CDBG), \$1,270,168 in Emergency Solutions Grants (ESG), \$3,991,824 in

HOME Investment Partnerships (HOME) and \$436,708 in Housing Opportunities for Persons With AIDS (HOPWA). These funds will be distributed to approximately twenty-eight (28) projects and eight (8) alternates within the framework of the priorities for housing and community development over the next year, excluding planning and administration. These priorities were approved in 2009 as part of the Final Amended Consolidated Plan for FY 2011-2015, which included logic models showing the outcomes and objectives for this period. These logic models are shown as Appendix A.

II. INTRODUCTION

A. Background

Consolidated Plan regulations defined by the U.S. Department of Housing and Urban Development (HUD) require local governments which will receive federal funds to identify and describe housing and housing service needs and priorities, and to produce a strategic action plan for addressing these needs. This full document was produced in 2009 as the Final Consolidated Plan for FY 2011-2015 and revised in November 2013 to update the Action Plan Process and add language to allow additional options in providing rehabilitation assistance for homeowners and landlords. It consolidates the planning and application aspects of HUD's Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), HOME Investment Partnerships (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) formula programs into a single submission. The purpose of the Consolidated Plan is to ensure that jurisdictions receiving federal assistance plan for the housing and related needs of low- and moderate-income families in a way that improves the availability and affordability of decent, safe and sanitary housing and a suitable living environment. The City's Plan consists of:

- A housing and homeless needs assessment;
- A housing market analysis;
- A strategic plan; and,
- An action plan for the geographic area encompassing the island of Oahu.

The Consolidated Plan permits the City to apply a unified vision to address local problems comprehensively and to propose a specific course of action to alleviate these concerns. It builds on local assets and coordinates a response to the needs of the community. It integrates economic, physical, environmental, community and human development in a comprehensive and coordinated fashion so that families and communities can work together and thrive. And lastly, the Consolidated Plan sets forth goals, objectives, and performance benchmarks for measuring progress and establishes a framework for assessing new knowledge and experience and how they can add to a successful plan for revitalization.

This document represents the City and County of Honolulu's (City's) Draft Twentieth (20th) Year Action Plan, which is a section of the Consolidated Plan, and must be updated annually. It shows the projects that are anticipated to be funded this year that will address the needs of the community as prioritized in the Consolidated Plan.

B. Responsibility and Process

The City's Department of Budget and Fiscal Services, Federal Grants Branch, prepared the Action Plan, and is the agency responsible for the administration of the City's CDBG, ESG, HOME and HOPWA programs.

C. Consultation

In lieu of a public informational/orientation session, concerning the CDBG and HOME programs, information and an overview of the programs was provided with the Request For Proposals (RFP) funding application packet. The public was given an opportunity to submit written questions about each program and the RFP process or to submit their inquiries by voicemail. Two (2) questions were received; however, they did not pertain to the programs or RFP process. Therefore, no addenda was issued by the Department.

A Public Hearing was conducted on Wednesday, September 25, 2013, to obtain the views and comments of the public with regards to the City's performance review, and housing and community development

needs for the upcoming Action Plan. However, at the appointed time and place, no members of the public were present. As such, no testimony was given on the above subjects and no written testimony was received by the cut-off date of September 27, 2013.

The City will use several City Council and Budget Committee meetings for the budget resolution/ordinance scheduled during the months of March through April 2014 as public hearings to get further public input.

In order to broaden participation, the City uses its website to facilitate providing information to the public. The current and several past Action Plans, as well as the Amended Consolidated Plan for Fiscal Years 2011-2015, are available at www1.honolulu.gov/budget/cdbg.htm. The Request for Proposal documents along with Project Proposal applications were available at www.honolulu.gov/pur and the City also maintains an e-mail subscription list where interested parties may sign up to receive notification of CDBG and HOME funding announcements.

A public notice was published on March 21, 2014 inviting the public to review and comment on the Draft Twentieth (20th) Action Plan which outlines how the City would be implementing the CDBG, ESG, HOME and HOPWA programs. A final notice reflecting actual program plans will be published by May 15, 2014.

The Draft Twentieth Year Action Plan will continue to be made available in April 2014 to all interested parties as a way of further soliciting input and comments on the Action Plan in total and on specific areas of concern. Any comments or corrections concerning the Draft Action Plan will be incorporated in the Final Plan. The final version will be made available in May 2014.

D. Citizen Participation Plan

The Department of Budget and Fiscal Services amended the City's Citizen Participation Plan in May 2011 which was approved by HUD along with the Final Seventeenth (17th) Year Action Plan. The City's amended Citizen Participation Plan is available for review at www1.honolulu.gov/budget/cdbg.htm, and is included as Appendix D to the Final Seventeenth (17th) Year Action Plan.

E. Discharge Policy

The following is the current Discharge Policy for the City, updated in May 2006.

The State of Hawaii Department of Public Safety operates all correctional institutions in the State of Hawaii. The State of Hawaii Department of Health operates all publicly funded hospitals and health clinics including the only hospital for persons with mental illness. There are no county operated correctional institutions or health care facilities.

Veterans. The U. S. Department of Veterans Affairs (VA) has developed a handbook that will be distributed to incarcerated prisoners that includes information on how to access services post release. The VA runs a 14-bed acute care psychiatric unit on the Tripler Army Medical Center Campus. Patients may be enrolled in both the State mental health system and VA system and can be referred to State housing programs or VA programs. This is a change in policy where previously the state mental health system would not serve veterans on the basis that they should be served by the VA.

Prison/Parole/Probation. Facilitated by discussions in the Hawaii Homeless Policy Academy, which became the Hawaii Interagency Council on Homelessness in January 2005, the three agencies dealing with the release of prisoners, the State Department of Public Safety, the Hawaii Paroling Authority, and the Adult Probation Division, had reached an agreement with the Department of Human Services (DHS) which administers the State's financial assistance (welfare), medical insurance and food stamps programs. This agreement allows non-DHS psychiatrists to certify inmates with mental illness on Oahu for eligibility and to process applications for financial assistance prior to the release of incarcerated prisoners. The DHS Benefit, Employment and Support Services Division (BESSD) implemented the early processing of

applications effective May 1, 2006. If eligible, an appointment is scheduled with the inmate to coincide with the date of release so that there is no lag time between release and approval.

Persons with Mental Illness. The State Department of Health's Adult Mental Health Division releases Hawaii State Hospital clients into its housing system that includes options ranging from group homes with varying levels of supervision (ranging from 8 to 24 hours) to independent scattered-site apartments.

Foster Care. The nonprofit agency Hale Kipa has entered into an exciting partnership with one of Honolulu's affordable rental properties (in the area of discharge planning for youth exiting the foster care system). The Board of Directors of Hale Pauahi Towers, an affordable rental housing project, has agreed to set aside up to ten rental units for youth exiting foster care, greatly increasing their chances of succeeding in independent living.

III. ACTION PLAN

A. Form Application

The required Consolidated Plan tables and maps are shown in Appendix B.

B. Resources

Below are the City's categories and the order of the priorities for housing and community development projects.

1. Priority One: Service Facilities And Operations

Available programs and services that will be utilized to achieve priorities for service facilities and operations include various Federal, State and local programs.

a. Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH) Act, enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, revised the Emergency Shelter Grants program and renamed it the HEARTH Act Emergency Solutions Grants (ESG) program and referred to as the Emergency Solutions Grants Program. The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless persons by providing greater coordination in responding to their needs. Under the 1999 Continuum of Care Homeless Assistance Program competitive grant there are three categories: Supportive Housing Program (SHP), Shelter Plus Care Program (S+C) and Moderate Rehabilitation for Single Room Occupancy Dwellings Program (SRO). The Transitional Housing Program element of the Supportive Housing Program provides rehabilitation funding to create transitional shelters for the homeless, as well as operating funds for supportive services programs. The Supplemental Assistance For Facilities To Assist The Homeless Program (SAFAH) supplements assistance provided under the Emergency Solutions Grants (ESG) Program or Supportive Housing Program. These funds can be used for emergency shelters, transitional and permanent housing, supportive services, property acquisition/rehabilitation and operating expenses.

b. Federal Community Development Block Grant (CDBG) Program

This program provides a block grant to the City that can be used for a wide variety of community development activities including public facilities and services as long as there is a direct benefit to persons of low- and moderate-income.

c. Section 108

This program is the loan guarantee provision of the CDBG program. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. Borrowed funds are guaranteed by the City using current and future CDBG allocations to cover the loan amount as security for the loan.

d. Federal HOME Investment Partnerships (HOME) Program

The development, acquisition and rehabilitation of buildings for use as transitional housing developments is an eligible activity under the HOME program. The HOME program generally requires a 25% match contribution. The City is in the process of identifying a project to meet the 2015 HOME match requirement. If the City can not identify a project, City funds will be used to meet the match requirement.

e. Federal Emergency Solutions Grant (ESG) Program

This program can be used to provide moderate rehabilitation assistance to improve living conditions at existing shelters or to rehabilitate existing structures to create new shelters. Provision of essential services to the homeless is also an eligible activity. City funds will be used to satisfy the required one-for-one match.

f. State and City Capital Improvement Programs

These programs, utilizing a combination of Federal, State and County funds, have appropriated monies to finance the development of public facilities and services.

g. State Purchase Of Services Program

There exists an extensive network of private nonprofit social service agencies that administer supportive services to special needs groups. The State, through the Purchase of Services process, has provided operating funds to qualified agencies to administer their supportive service programs.

h. Homeless Shelter Stipend Program

The Hawaii Public Housing Authority (HPHA), formerly the Housing and Community Development Corporation of Hawaii, administers this program that pays private nonprofit operators of homeless shelters a fee, based on a per capita formula, to subsidize the operating costs of the shelters. Shelter operators, in return, are required to provide a specified minimum level of supportive services to their clients.

i. Homeless Emergency Loan/Grant Program

This program, also administered by the HPHA, provides funds to supplement the private resources in private loan/grant programs currently operated by qualified nonprofit agencies. The State funds are used by the nonprofit to provide one-time emergency loans or grants to two types of families with children, a) homeless families who may be in danger of losing their residences and becoming homeless because of a one-time financial emergency and b) families who are homeless and require one-time financial assistance to pay for the first and last months rent in order to move into an apartment.

j. Homeless Outreach Program

Through this program, the HPHA contracts with private operators to reach out to unsheltered homeless families with children to give them emergency medical and social services and assist them in obtaining residence in transitional facilities or permanent housing.

k. Federal Housing Opportunities For Persons With AIDS (HOPWA) Program

This program provides housing assistance and related supportive services for low-income persons with HIV/AIDS and their families. Grants are provided by: (1) formula allocations to States and metropolitan areas with the largest number of cases and incidence of AIDS; and (2) competitive selection of projects proposed by State and local governments and nonprofit organizations. Grantees are encouraged to develop community-wide comprehensive strategies and to form partnerships with area nonprofit organizations to provide housing assistance and related services for eligible persons.

l. Youthbuild

This program utilizes Department of Labor (formerly HUD-administered) funds to train/educate drop-out youth and provides opportunities to enter the local trade unions or the construction industry. As part of the training program, the youth must rehabilitate and/or construct homeless or low- and moderate-income housing.

m. Resident Opportunity and Self Sufficiency Program (ROSS)

These programs utilize HUD funds to address the needs of public housing residents by providing supportive services that will enable the linking of essential services to public housing residents, provide resident empowerment activities and assistance in becoming economically self-sufficient, provide resources to enhance independent living for the elderly and persons with disabilities, provide capacity building for resident organizations, and improve the overall quality of life for public housing residents. HPHA may apply for funding for supportive services and assistance toward economic self-sufficiency for public housing residents.

2. Priority Two: Housing

Available programs and services that will be utilized to achieve new construction, rehabilitation, acquisition and related infrastructure include various Federal, State and local programs. The following are resources available to address the needs of this section:

a. Federal Low Income Public Housing Program

This program covers low-rent housing units developed by designated Public Housing Authorities pursuant to the U.S. Housing Act of 1937. Funding for substantial rehabilitation, revitalization, modernization, and new construction of Federally assisted public housing projects is available through this program.

b. Section 202

This is currently the major Federal program to assist the development of permanent rental housing for the elderly. The program provides capital advances and project rental assistance to qualified private nonprofit entities to develop rental housing for low-income elderly households. Projects may be new construction or substantial rehabilitation.

c. Section 811

This program provides capital advances to nonprofit developers of rental housing and supportive services for disabled persons. The advance is interest free and repayment is not required as long as the housing remains available for very low-income persons with disabilities for at least 40 years.

d. Supportive Housing Demonstration Program, Permanent Housing for Handicapped Homeless

This program is one of two components authorized through the Supportive Housing Demonstration Program of the Stewart B. McKinney Homeless Assistance Act. It provides interest free advances to qualified private nonprofit entities or a Public Housing Agency to cover the costs of acquisition and/or substantial rehabilitation of existing structures that will provide community-based long term rental housing and appropriate supportive services for not more than eight handicapped homeless persons.

e. Revitalization of Severely Distressed Public Housing (HOPE VI Revitalization) Program

The HOPE VI Revitalization program addresses public housing demolition, site revitalization, and replacement housing. Funds are awarded on a competitive basis and are available to public housing agencies that own or operate public housing units. The program will fund demolition, substantial rehabilitation, reconfiguration and/or replacement of severely distressed units, revitalization of the site, provision of replacement housing, management improvements, resident self-sufficiency programs, provision of tenant-based assistance and assistance to tenants displaced by demolition. HPHA may apply for HOPE VI funds for the revitalization of public housing projects on Oahu, particularly in the Kalihi area.

f. Federal Low Income Housing Tax Credits Program

This program is authorized through the Tax Reform Act of 1986 and is administered through the Hawaii Housing Finance and Development Corporation (HHFDC). The tax credit program was re-authorized by the U.S. Congress in August 1993, retroactive to July 10, 1993. The program makes available tax credits for units rented to low-income occupants. In 2004, the Federal government allocated approximately \$1.80 per capita per year in these tax credits. To earn tax credits, at least 20% of the units in a project must be rented to households earning incomes of 50% or less of the area median income, or at least 40% of the units must be rented to households with incomes of 60% or less of the area median income.

g. State Low Income Housing Tax Credits Program

The State of Hawaii established a program similar to the Federal low-income housing tax credits program to provide State tax incentives to developers of affordable rental housing projects. However, the program is presently suspended pending its re-authorization by the State Legislature. This program allocates State tax credits equivalent to 30% of the Federal credit.

h. Hula Mae Multi-Family Program

The State administers a program to promote the development of new or the rehabilitation of existing multi-family rental housing by providing interim and/or permanent financing at below market interest rates. To be eligible, developers must set aside either a minimum of 20% of the units for tenants whose incomes are less than 50% of the area median income, or a minimum of 40% of the units for tenants whose incomes are less than 60% of the area median income. These income restrictions must be in place for a minimum of 15 years or the term of the bond. The City administers a similar program.

i. State Rental Housing Trust Fund

Authorized by Act 308, Session Laws of Hawaii 1992, the Rental Housing Trust Fund (RHTF) is intended to act as a flexible financing mechanism which encourages the production of new affordable rental units and increases the capacity of organizations to meet future housing production needs. The trust fund provides loans or grants to eligible applicants which include qualified nonprofit entities and for profit corporations, limited liability companies, partnerships and government agencies. The first priority of funding for the RHTF are projects awarded tax credits or financing administered by HUD or U. S. Department of Agriculture - Rural Development with at least 50% of the units in a supported housing development for families that earn 80% or less than the median income, of which 5% of the units are for families that earn 30% or less of the median income, and the remainder of the units for those earning 100% or less of the median income. The second priority is mixed income rental projects or units in a mixed-income rental project where all units are for persons or families with incomes below 140% of the median income.

j. Federal Community Development Block Grant (CDBG) Program

This program provides a block grant to the City that can be used for a wide variety of community development activities including new construction, rehabilitation, acquisition and related infrastructure as long as there is a direct benefit to persons of low- and moderate-income.

k. Section 108

This program is the loan guarantee provision of the CDBG program. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. Borrowed funds are guaranteed by the City using current and future CDBG allocations to cover the loan amount as security for the loan.

- l. Federal HOME Investment Partnerships (HOME) Program**
HOME program funds may be used for activities such as new construction, rehabilitation, acquisition and related infrastructure to create permanent housing for qualifying households.
- m. Federal Emergency Solutions Grant (ESG) Program**
This program can be used to provide rehabilitation, acquisition and related infrastructure assistance to assist the homeless by improving living conditions at existing shelters or conversion of existing buildings for new shelters. City funds will be used to satisfy the required one-for-one match.
- n. State and City Capital Improvements Programs (CIPs)**
State and City CIPs, use various combinations of money from Federal, State, County and private funding sources, such as the Federal CDBG program. Through their respective CIP budgets, the State and City have appropriated monies to finance the development and redevelopment of Federal- and State-sponsored low-rent public housing projects, affordable rental housing projects in planned communities and areas targeted for urban revitalization, and the infrastructure to support both rental and owner occupied housing units in planned communities and areas targeted for urban revitalization.
- o. Rehabilitation Loan Program**
The City administers a CDBG loan program to assist low-income homeowners to rehabilitate their properties. Rehabilitation must be for purposes of energy efficiency or removing health and safety hazards.
- p. Downpayment Loan Program**
Subject to the availability of funds, the City administers a loan program to assist potential low-income homeowners by providing low-interest loans to cover downpayment costs of a home purchase.
- q. Affordable Housing Conditions Attached To Private Developments**
In order to ensure that private housing developments contain a variety of housing units affordable to a range of income groups, the State and City have required private developers to develop a percentage of affordable rental and/or owner occupied housing units as a condition of receiving land use or other development approvals.
- r. Expedited Development Of Affordable Housing Pursuant To Chapter 201H, Hawaii Revised Statutes**
Existing State statutes authorize the State and Counties to bypass many of the regulatory impediments to affordable housing development. Pursuant to Chapter 201H, the State and Counties can preempt various regulations and standards under a 45-day approval process to support the development of affordable housing projects, where a certain percentage of the units in the projects are determined to be affordable for sale or rent to target income groups, and where the requested exemptions do not contravene public health and safety standards.
- s. Self-Help Housing Programs**
Undertaken primarily by nonprofit entities, these programs take advantage of the sweat equity of prospective homeowners to construct owner occupied units affordable to even low- and very low-income households. State law requires that 10% of the units in State sponsored housing developments be set-aside for owner-builders.

- t. **Shelter Plus Care**
Provides rental assistance for homeless people with disabilities, primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immunodeficiency syndrome (AIDS) and related diseases. The support services, which must match the value of the rental assistance, may be provided by Federal, State, local governments, and private sources.
- u. **Section 8 Moderate Rehabilitation Program**
The purpose of HUD's Moderate Rehabilitation program is to upgrade substandard rental housing and to provide rental subsidies for low-income families. The City and County of Honolulu has been administering the Section 8 Moderate Rehabilitation program since 1980 and currently provides rental subsidies to the 40-unit Academy Gardens Apartment for disabled and elderly persons.
- v. **Homeownership and Opportunity for People Everywhere (HOPE I)**
This program helps low-income people buy public housing units by providing funds that non-profit organizations, resident groups, and other eligible grantees can use to develop and implement homeownership programs.
- w. **Housing Opportunities For Persons With AIDS (HOPWA)**
This program provides housing assistance and related supportive services for low-income persons with HIV/AIDS and their families. Grants are provided by: (1) formula allocations to States and metropolitan areas with the largest number of cases and incidence of AIDS; and (2) competitive selection of projects proposed by State and local governments and nonprofit organizations. Grantees are encouraged to develop community-wide comprehensive strategies and to form partnerships with area nonprofit organizations to provide housing assistance and related services for eligible persons.
- x. **Section 8 Rental Assistance Program**
The State and City administer the Section 8 Housing Choice Voucher programs that provide rental subsidies to income qualified low-income families. For the current 2014 calendar year, the City has administered a total allocation of 3265 vouchers through its Section 8 program. The State's Section 8 program allocation includes an estimated 24,600 vouchers, (also for the current 2014 calendar year) which are set-aside for clients residing on Oahu. Both State and City programs authorize the issuance of project-based vouchers. The State and City Section 8 programs also offer families, through their new Section 8 Homeownership Option programs, an option to utilize their Section 8 vouchers to help pay homeownership expenses, including mortgage rather than rental payments.
- y. **State Rent Supplement Program**
HPHA also administers the Rent Supplement program that provides a maximum subsidy of \$230 per month.
- z. **Federal USDA Housing Programs**
The Rural Housing Services of the United States Department of Agriculture (USDA) administers several programs to address housing for persons in rural areas. These include home ownership loans, self-help housing loans, home improvement loans and grants, and several other types of loans or grants to assist with rural homeownership.

3. Priority Three: Community Development

a. Federal Community Development Block Grant (CDBG) Program

This program provides a block grant to the City that can be used for a wide variety of community development activities including new construction, rehabilitation, acquisition and related infrastructure with the goal of preventing or eliminating slum and blight in designated areas, or on a spot basis.

b. Section 108

This program is the loan guarantee provision of the CDBG program. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. Borrowed funds are guaranteed by the City using current and future CDBG allocations to cover the loan amount as security for the loan.

c. State and City Capital Improvements Programs (CIPs)

State and City CIPs, use various combinations of money from Federal, State, County and private funding sources, such as the Federal CDBG program. Through their respective CIP budgets, the State and City have appropriated monies to finance the redevelopment of areas targeted for urban revitalization, thereby arresting the decline of low- and moderate-income neighborhoods by removing slum and blight conditions or addressing needs on a spot basis.

4. Priority Four: Community-Based Economic Development

There are also limited funds available to support economic development. Where possible and appropriate, CDBG funds will be leveraged with private, City and State funds to support this priority.

C. Activities To Be Undertaken

1. Priority One: Public Facilities And Services

a. Public Facilities

Investment of \$3,752,600 (CDBG funds) for four (4) public facility projects that will serve predominately low- and moderate-income neighborhoods or persons. These include facilities for families, teenagers, children, victims of domestic abuse, the homeless, the medically under-served, the elderly, and disabled adults.

b. Public Services

Investment of \$1,663,741 (CDBG funds) for eight (8) public service projects to assist low- and moderate-income persons through programs providing employment services, housing education and counseling, substance abuse treatment, basic living necessities, crime prevention and elimination, transitional housing, and crisis care and support. In addition, \$1,270,168 of funding from the Emergency Solutions Grants (ESG) program and program match will be distributed to various projects for supportive services for homeless housing activities.

The City will support the efforts of resident groups, non-profits and HPHA to improve the quality of life for public housing residents through programs that enhance independent living for elderly and persons with disabilities, that link residents to essential services and that provide residents with assistance in becoming economically self-sufficient and empowerment activities.

2. Priority Two: Housing

a. Housing for the Homeless

Funding of \$1,561,874 in HOME funds is being allocated to expand rental assistance services to eligible low-and moderate-income persons.

b. Special Needs Housing

A total of \$130,768 in HOME funds is being allocated for the acquisition of one affordable apartment complex.

c. Self-Help and For-Sale Housing

Funding of \$1,500,000 (CDBG funds) is being allocated to the Rehabilitation Loan Fund.

d. Rental Housing and Housing Cooperatives

A total of \$2,000,000 in HOME funds is being allocated for the construction of one affordable rental housing project. The City will maintain approximately the current level of Section 8 vouchers to provide rent subsidies for very low-income households. In addition, the City was successful in obtaining additional rental assistance slots through the Continuum of Care competitive grant. The City will apply for new allocations of Section 8 vouchers, if eligible and pending its availability from HUD. The City will also apply for new Shelter Plus Care slots if a non-profit sponsor applies for Continuum of Care funds. In addition, approximately \$308,541 (HOPWA funds) will be available for rental assistance to those that qualify for this program.

The City will support the State's efforts to revitalize the severely distressed Kuhio Park Terrace public housing project and other severely distressed projects located in Kalihi such as Mayor Wright Homes and Kalihi Valley Homes, as they are integral to the City's broader community development and visioning efforts in the Kalihi-Palama neighborhood.

3. Priority Three: Community Development

The annual goals related to affordable housing are identified in the logic model tables of the Final Consolidated Plan for FY 2011-2015. These include:

Supporting 500 persons with five (5) renovated or newly constructed facilities (specifically for seniors or persons with disabilities; by providing health care and including mental health and substance abuse treatment; by providing childcare or activities for youth; or by providing services to persons in need);

Supporting 50 persons with microenterprise assistance;

Preserve and stimulate one (1) economic development project;

Upgrading two (2) public facilities to make them accessible;

Providing 1000 seniors or persons with a disability with new or expanded services.

4. Priority Four: Community-Based Economic Development

No funds are allocated to projects that assist microenterprise development

5. Administration

\$1,925,951 (CDBG, HOME, HOPWA and ESG funds) for approximately seven (7) projects that enable the City to administer the various HUD programs in a timely and efficient manner.

6. Alternate Projects

The City has identified eight (8) projects that may be funded in the event that the selected projects cannot be implemented. Also, the City may permit their funding in the subsequent year if there are insufficient funds in the current year. These are shown in Appendix B, after the selected projects.

The amount of awarded CDBG funds that will be used for activities that benefit persons of low -and moderate-income is estimated at \$6,916,341 or 100% of CDBG funds. This represents all of the proposed projects, excluding those related to administration.

D. Geographic Distribution

The projects funded are located throughout the entire island of Oahu. Refer to Appendix A.

In addition, the City and County of Honolulu currently has two (2) HUD approved Neighborhood Revitalization Strategy Areas (NRSAs), Ewa Beach and Wahiawa.

Funding of \$1,535,044 in CDBG funds are being allocated to projects located within the NRSAs.

E. Affordable Housing

The annual goals related to affordable housing are identified in the logic model tables of the Final Consolidated Plan for FY 2011-2015. These include:

- Supporting forty (40) families with downpayment loan assistance for homeownership;
- Supporting thirty (30) families improve the health and safety through rehabilitation loans;
- Developing fifty (50) units of affordable rental housing;
- Developing ten (10) units of affordable rental housing specifically for seniors or persons with special needs;
- Developing no (0) units of transitional housing.

F. Public Housing

The City does not own or operate any public housing, as this is undertaken by the State of Hawaii.

G. Homeless and Other Special Needs

Funding of \$1,962,360 (CDBG and ESG funds), or approximately 14% of the City's total Twentieth (20th) Year Action Plan grant funds are targeted for emergency or transitional shelter and homeless social services. The Emergency Solutions Grants Match, along with ESG funds will be used for projects by the City in an attempt to break the cycle of homelessness through expanded services and additional shelters.

Funding of \$2,130,768 (HOME funds), or approximately 15% of the City's total Twentieth (20th) Year Action Plan grant funds are targeted for the development of lower income and special needs rental housing. While it is not possible to provide a direct link between these activities and the attempt to prevent homelessness, it can be assumed that, especially in the low income and special needs housing target population, many face the possibility of homelessness due to the lack of affordable units or housing with appropriate supportive services. Any increase or additions to the existing housing stock serving this population serves to prevent homelessness.

Actions to be taken to end chronic homelessness have been discussed in the Final Consolidated Plan for FY 2011-2015 These goals include providing services and emergency shelter, transitional housing, and permanent housing to the homeless. In formulating this plan, the City collaborated with Honolulu's Continuum of Care Consortium "Partners in Care." The Partners' planning committee created and maintains the "Hawaii Action Plan to End Homelessness," a ten-year plan to end homelessness which

originated as an Oahu document that was expanded to include neighbor island counties by request. The City relies on Partners in Care to coordinate homeless activities among its members and to serve as a resource in the City's preparation of its Continuum of Care homeless grant application to HUD.

The City plans to assist nonprofit service providers and other government agencies in providing appropriate services, shelter and housing for individuals and families who are experiencing homelessness. Emergency and transitional shelters provide homeless individuals and families a secure place to sleep if only temporarily. The City's goals are to support the operation of such shelters and the provision of services to assist individuals and families in transitioning to permanent housing. Maintaining the existing emergency and transitional shelters is essential to allow continued operation. The City will provide funding if possible to facilitate continued operations and for required planning activities.

H. Other Actions

Other actions needed to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies have been discussed in the Final Consolidated Plan for FY 2011-2015. Examples include streamlining the approval process for the development of affordable housing, continuing to improve coordination between private and public stakeholders and working to implement recommendations of the recently convened affordable housing task force. The City will continue to solicit public comments to address the changing needs of the low- and moderate-income residents of the City and County of Honolulu, and move toward addressing those needs.

I. HIV/AIDS Housing Goals

Annual goals for the City using HOPWA funds are identified in the logic model tables of the Final Consolidated Plan for FY 2011-2015. These include:

- Providing emergency rent, mortgage and utility payments for 100 persons with HIV/AIDS;
- Providing integrated case management services for fifty (50) persons with HIV/AIDS;
- Providing tenant-based rental assistance for thirty (30) persons with HIV/AIDS;
- Providing volunteer coordinator services to assist thirty (30) persons with HIV/AIDS;
- Providing housing-specific supportive services for 150 persons with HIV/AIDS.

J. Program Specific Requirements

1. CDBG

All anticipated CDBG program income expected to be made available during this program year has been included and is reflected in the total amount of CDBG funds in the 20th Year Action Plan.

2. HOME

No form of investment not described in Section 92.205(b) is anticipated to be utilized by the City.

K. Certifications

Refer to Appendix C.

L. Monitoring

Under the auspices of the Department of Budget and Fiscal Services, the Federal Grants staff administers the CDBG, ESG, HOPWA and HOME programs from a broad policy perspective. The City's CDBG, ESG,

HOPWA and HOME programs are administered in accordance with the City's CDBG Policy and Procedures Manual. Throughout all aspects of the administration of these programs, the Federal Grants staff reviews and monitors the City's departments' compliance with specific program regulations as well as other overlay statutes and Executive Orders (i.e., National Environmental Policy Act, Labor Standards provisions, Uniform Relocation and Real Property Acquisition Policies Act, Fair Housing and Equal Opportunity requirements, etc.) as prescribed in HUD Handbook 6509.2. On an on-going basis, eligibility determinations, technical assistance and guidance are provided to each City department implementing a project under these programs. City departments administering projects under these programs are responsible for the project's compliance with all program regulations.

The City's Department of Budget and Fiscal Services (Federal Grants Branch) publishes a notice annually in a newspaper of daily general circulation inviting minority and women's business enterprises who are interested in contract/vendor opportunities funded by the CDBG, HOME, ESG and HOPWA programs to submit an application and their resume. Registered minority and women's businesses are subsequently informed of contract, subcontract, and other opportunities to provide goods and services that are available under these programs.

The City's Fair Housing Officer reviews and approves all Affirmative Fair Housing Marketing Plans to ensure the process for minority outreach is effective. The Federal Grants staff also monitors Federal legislation to identify regulatory changes affecting CDBG, ESG, HOPWA and HOME programs to ensure the timely implementation (including program cost analyses) of such changes.

In addition, starting in 2000 the Department of Budget and Fiscal Services implemented its Post-Development Monitoring Plan that formally monitors subrecipient contracts to insure long-term compliance. This includes on-site inspections and meetings with selected agencies that have open subrecipient contracts and have received CDBG, ESG, HOPWA or HOME funds through the City, and annual remote reviews of all subrecipients.

Standards and procedures have been developed and adopted, based on HUD guidelines already in use. Worksheets used as part of the information-gathering interview process with the subrecipient, along with the required annual audit, are used to flag potential problems and issues that need to be resolved. More frequent monitoring will be undertaken where there is sufficient cause to justify additional action

CERTIFICATIONS

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing – The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan – It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace – It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying – To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction – The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan – The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 – It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

SPECIFIC CDBG CERTIFICATIONS

The Entitlement Community certifies that:

Citizen Participation – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan – Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan – It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds – It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2009, 2010 & 2011 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to

pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force – It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws – The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint – Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR 570.608;

Compliance with Laws – It will comply with applicable laws.

SPECIFIC HOME CERTIFICATIONS

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance – If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs – it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in 92.214.

Appropriate Financial Assistance – before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG CERTIFICATIONS

I, Kirk W. Caldwell, Chief Executive Officer of the City and County of Honolulu, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 CFR 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 CFR 576.53 concerning the continued use of buildings for which Emergency Solutions Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 CFR 576.55.
3. The requirements of 24 CFR 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 CFR 576.57, other appropriate provisions of 24 CFR Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 CFR 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 CFR 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 CFR Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 CFR 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 CFR 76.56.
10. The requirements of 24 CFR 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental

review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 CFR Part 58.

11. The requirements of 24 CFR 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney -Vento Act (42 USC 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of an amended and approved Consolidated Plan with its certifications, which act as the application for an Emergency Solutions Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code)

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge"

employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan
