**BILL 10  
RELATING TO CAR SHARING**

Committee on Budget

RECEIVED  
CITY CLERK  
C & C OF HONOLULU  
2015 MAR -3 PM 5:29  
REPL. REFER TO:

The Department of Transportation (DOT) **supports** Bill 10, which proposes to establish a pilot program to test the utility of the public transit system to improve the mobility of Honolulu residents by providing support and regulation to car-sharing organizations. The bill will facilitate the implementation of car-sharing for car-sharing organizations by providing city controlled parking facilities reserved for car-sharing vehicles.

The DOT agrees that car-sharing is a green transportation innovation and may provide the benefits of automobile access to members of car-sharing organizations who cannot afford or prefer not to own vehicles but have an occasional need to access vehicles to run errands.

Thank you for the opportunity to provide testimony.
