Dear Honolulu City Council Members,

The United Chinese Society supports and recommends the amendment of Bill 13 to include \$150,000 for the plans and design of the Chinese Garden located in the Foster Botanical Gardens.

The Chinese Garden will be in honor of Dr. Sun Yat Sen and the more than one hundred Hawaii Chinese Societies who contributed to the growth of Hawaii. It would be an important activity to revitalize Chinatown, whereby visitors and locals alike can experience, educate and connect to Hawaii's role in creating modern China.

Please support the amendment.

Sincerely,

Calvin K.Y. Say, President
United Chinese Society of Hawaii
