

Aloha,

My name is Brandon Hardin and I would like to comment on Bill 20 and the proposed amendments on behalf of the Tiny House Movement.

I am encouraged that Bill 20 will provide the much-needed addition of affordable rental units and I would like to commend all of you for your great work thus far.

I hope that Tiny Houses on Wheels can be inserted into Bill 20 as an approved Accessory Dwelling Unit.

Tiny Houses on Wheels have become increasingly popular throughout the nation as part of the Tiny House Movement. In progressive cities and states, they are being used for housing the homeless, ADU's, eco communities and as RVs. Tiny Houses resemble a small cottage, are usually less than 400 sq ft and can have all the necessary accommodations for comfortable living. I encourage those in attendance to research Tiny Houses or watch one of the hit TV shows on HGTV or FYI network called "Tiny House Nation" and "Tiny House Hunters" to see the potential of these structures.

Tiny Houses on Wheels can align with many of Bill 20's initiatives and goals for creating affordable housing units and ADU's. I hope that Tiny Houses on wheels will be included in Bill 20 as it progresses.

Thank you,

Brandon Hardin
