Written Testimony

I oppose Bill 8 to amend Chapter 14 Article 33 of the Revised Ordinances of Honolulu 1990 as written. The Bill does not provide a specific increment of time for the Directors to submit the complete streets checklist, design standards, guidelines and manuals for approval of the City Council e.g., every two years. Bill 8 should also include a processing time and procedure for approval so that there is always an approved checklist in force. As Bill 8 is currently written if the Council disapproved the complete streets checklist or other planning tool many of the transportation projects in the pipeline would be delayed undermining productivity and probably adding to the cost of completing transportation projects.
