

CONCERNED CITIZENS' PETITION

Date: February 24, 2016

File Number: _____

Area Impacted: Aiea-Red Hill-Moanalua-Salt Lake

To: Director, Hawaii State Department of Transportation (DOT); Director, Honolulu City Department of Transportation Services (DTS); City Staff; Mayor and City Council

We, the undersigned owners/residents of property affected by the requested action described herein, do hereby protest against any issuance of Building Permits in Certain Aiea-Red Hill-Moanalua-Salt Lake Areas until additional traffic mitigation/land use controls can be fully considered.

Request for Honolulu City Council and City Staff to Immediately Pursue and Enact City Council Resolution 16-37 and a Bill (11-2016) for an Ordinance to Establish a Moratorium on the Issuance of Building Permits in Certain Aiea-Red Hill-Moanalua and Salt Lake Areas Until Additional Traffic Mitigation/Land Use Controls Can be Fully Considered

By signing this instrument, I agree and represent that I have read, understand and agree with all of the following statements:

1. Traffic congestion in the Aiea-Red Hill-Moanalua-Salt Lake area has progressively worsened over the past ten years, particularly at the Ala Kapuna Street/Moanalualani Place intersection, and at the eastbound/westbound lanes of the H-201 Freeway during the AM/PM rush hour. In fact, the Ala Kapuna Street interchange was recently identified as one of America's fifty worst bottlenecks by the American Highway Users Alliance. Astonishingly, there is no definitive timeline for planned improvements in the region that will appreciably improve traffic congestion.
2. We have learned that the Douglas Emmett Group, Inc., of Santa Monica, California is seeking to further expand their Moanalua Hillside Village Apartments property at 1229 Ala Kapuna Street, by adding nearly 500 additional apartment units to the existing complex. The entry/exit to this complex feeds directly to/from the Ala Kapuna Street/Moanalualani Place intersection. This planned development is likely to add nearly 1,000 vehicles to an already congested traffic pattern. Lack of existing parking in the area, lack of conformity to current parking code requirements, and general parking/traffic congestion is already creating significant concern that emergency fire, ambulance and police vehicles may not be able to timely respond to our neighborhoods. This is a SIGNIFICANT health, safety and general public welfare concern.

RECEIVED
CITY CLERK
& C OF HONOLULU
2016 MAR -2 AM 9:14

3. We ask that you expressly support and immediately implement measures that will require State and City and County Planning, Permitting and Transportation Departments to confront these unresolved traffic congestion issues that have plagued the Aiea, Red Hill-Moanalua and Salt Lake neighborhoods for the past ten years. Accordingly, we ask that you immediately and fully support Honolulu City Council Resolution 16-37 and Honolulu City Council proposed Bill 11 for the express purpose of immediately halting certain development in the affected area as designated therein and to allow alternatives, to include traffic and parking mitigation measures, and/or other land use controls, to be fully explored and evaluated.

4. We ask that you assign and task, design and overall project responsibility to the appropriate City Department(s), and utilize existing staff or immediately hire new staff as needed to oversee this effort. In addition, based on the foregoing we seek the expedited completion of the State's H-1 Corridor Study, the evaluation of the proposed Oahu Regional Transportation Plan 2035 Projects, and Oahu Metropolitan Planning Organization (Oahu MPO) Transportation Improvement Projects in order to achieve mitigation of current and future traffic/parking congestion in the area.

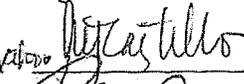

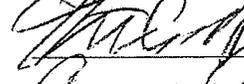

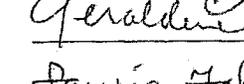

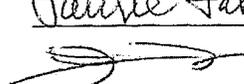

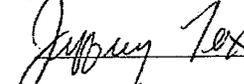

7. We respectfully urge the Mayor and the Honolulu City Council to remain focused on the implementation of Resolution 16-37, and more importantly, on the immediate passage of Bill 11, because we steadfastly believe this to be in the best interest of our community and its health, safety and general welfare.

Sincerely,
The Undersigned
