**Subject:** INCREASING LIFEGUARD COVERAGE HOURS

Dear Councilwoman Pine,

Please accept this email in support of recent efforts to increase the City and County Lifeguard hours at Oahu's beaches. The need for such expanded coverage is urgent as too many lives have been lost and families affected forever. The hours of coverage in their present state are antiquated. The use of the public beaches under the watchful eye of the city lifeguards are in use from dusk till dawn and then some. New and adjusted hours of coverage are needed to reflect such. When voting, please consider this email in support of budgeting and appropriations that are needed to make our beaches safe for kamaaina and visitor alike. Thank you for your time.

Sincerely,

Kekoa Ornellas
