

RESOLUTION

APPROVING THE CITY AND COUNTY OF HONOLULU'S TWENTY-SECOND (22nd) YEAR ACTION PLAN FOR COMMUNITY DEVELOPMENT BLOCK GRANT, HOME INVESTMENT PARTNERSHIPS, EMERGENCY SOLUTIONS GRANTS AND HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS PROGRAM FUNDS, AND AUTHORIZING ITS SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT.

WHEREAS, Section 1-8.2 of the Revised Ordinances of Honolulu 1990, as amended, requires prior City Council review and approval of any intergovernmental agreement or any amendments thereto, which places an obligation upon the City and County of Honolulu (hereinafter referred to as the City) or any department or agency; and

WHEREAS, said Section 1-8.2 further requires prior City Council review and approval of any application or any amendment thereto, relating to the carrying out of an intergovernmental agreement; and

WHEREAS, Section 1-8.3 of the Revised Ordinances of Honolulu 1990 (ROH), as amended, further requires prior City Council review and approval of any Annual Action Plan prepared by a city agency relating to Community Planning and Development (CPD) formula entitlement monies; and

WHEREAS, the City desires to apply for CPD formula entitlement monies under the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grants (ESG) and Housing Opportunities for Persons With AIDS (HOPWA) programs now being administered by the U.S. Department of Housing and Urban Development (hereinafter referred to as HUD) by submitting its Twenty-Second (22nd) Year Action Plan (hereinafter referred to as the "Action Plan") to HUD; and

WHEREAS, the City possesses the legal authority to apply for and the ability to execute the proposed CDBG, HOME, ESG and HOPWA programs; and

WHEREAS, the City has followed HUD requirements and guidelines for the preparation of the Action Plan and application for said funds; and

WHEREAS, a copy of the Draft Action Plan, which includes additional HOME funding and a project table for a Community Housing Development Organization (CHDO) project, is attached hereto as Exhibit A; and

RESOLUTION

WHEREAS, pursuant to said Section 1-8.3, the City Council may approve the Action Plan by resolution; and

WHEREAS, the City Council has reviewed the Action Plan, the programs and projects thereunder proposed by the City to HUD for CDBG, HOME, ESG and HOPWA funding; now, therefore,

BE IT RESOLVED by the Council of the City and County of Honolulu that the Action Plan is hereby approved; and

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to:

1. Execute and submit the Action Plan to HUD;
2. Accept, disburse, and expend CDBG, HOME, ESG, and HOPWA program funds for the projects and activities identified in the Action Plan, as approved by HUD;
3. Execute such assurances, representations, or certifications as are required by HUD;
4. Furnish such additional information, data, and reports as may be required by HUD;
5. Execute grant agreements on behalf of the City and County of Honolulu with HUD; and
6. Execute any incidental or related amendments, agreements or documents in furtherance of the Action Plan or grant agreement, including but not limited to any subrecipient agreements with governmental and nongovernmental subrecipients; and

BE IT FURTHER RESOLVED that the Mayor is hereby directed to advise the City Council in writing of any changes to the Action Plan and the approval or denial of the Action Plan by HUD, and further, to forward to the City Council a copy of HUD's letter of approval or denial; and

BE IT FURTHER RESOLVED that the Mayor is hereby directed to advise the City Council in writing of the specific CHDO non-profit agency/project that will be funded, following the selection process; and

RESOLUTION

BE IT FINALLY RESOLVED that copies of this Resolution be transmitted to the Department of Community Services and the Department of Budget and Fiscal Services.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Twenty Second (22nd) Year Action Plan for the City and County of Honolulu (City) represents a blueprint for the planning and application aspects of HUD's Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), HOME Investment Partnerships (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) formula programs. The purpose of the Action Plan is to ensure that jurisdictions receiving federal assistance plan for the housing and related needs of low- and moderate-income families in a way that improves the availability and affordability of decent, safe and sanitary housing and a suitable living environment.

2. Summarize the objectives and outcomes identified in the Plan

The Action Plan priorities are based on the results of conducting needs assessments and market analyses, consultations with community groups, an on-line survey and collaborations with other agencies. Through the consultation process the City identified a range of housing and community development needs as listed below. It is anticipated that high priority needs will receive funding during the five-year Consolidated Plan period and lower priority needs may be funded, based on the availability of funds.

Homelessness

- Acquisition, construction and renovation of emergency and transitional shelters.
- Acquisition, development or renovation of buildings/housing to support the City's Housing First Initiative.
- Services and outreach programs to persons/families experiencing homelessness.
- Operating costs to existing transitional housing facilities.
- Services such as case management, work readiness, housing placement and other services to persons experiencing homelessness.
- Homelessness prevention services.
- Rapid re-housing services.
- Rental Assistance.

Affordable Housing

- Development of new and preservation of existing affordable and special needs rental housing.
- Low-interest down payment loans and closing costs to low- and moderate-income homebuyers.
- Low-interest rehabilitation loans to low- and moderate-income homeowners to correct conditions in deteriorated homes.

Public Improvements and Infrastructure

- Infrastructure improvements related to the production or preservation of affordable housing.
- Construction or renovation of facilities to comply with accessibility requirements.
- Acquisition, construction, replacement or renovation of City-owned facilities and infrastructure in low- and moderate-income communities.

Public Facilities

- Acquisition, construction or renovation of public facilities to benefit low- and moderate-income persons or presumed low-income persons other than homeless (e.g. elderly, victims of domestic violence, neglected children, and others).
- Acquisition of facilities and equipment for fire, police, and emergency medical services and traffic safety measures in low- and moderate-income communities.

Public Services

- Services to seniors or persons with disabilities to maintain independent living.
- Support services, child development and life skills, and remedial education for adults.
- Services to victims of domestic violence.
- Services to benefit low- and moderate-income persons with literacy, financial literacy, employment training, limited English proficiency, parenting, family services, transportation, micro-enterprise assistance, legal counseling, fair housing, home counseling, and others.

Community and Economic/Development

- Support Neighborhood Revitalization Strategy Areas.
- Support micro-enterprise assistance.

The City's geographic area priorities for the Action Plan are:

- *Housing First Model- Scattered Sites* namely the Waianae Coast, Downtown Honolulu, and East Honolulu. These regions are local priority areas based on the City's strategic development scheme and assessment.
- *Eligible Neighborhood Revitalization Strategic Areas (NRSA)*. The City will continue to support the strategic plan of its existing HUD approved NRSA. The CDBG regulations at 24 CFR 570.208(a)(1)(vii) requires that NRSAs contain a percentage of low- and moderate-income (LMI) residents that is no less than the upper quartile percentage of the jurisdiction or 70 percent (70%), whichever is less, but in no event less than 51 percent (51%). The City's current upper quartile percentage is 55.83 percent (55.83%). Therefore, the percentage of LMI in the NRSA must be at least 55.83 percent (55.83%) for that area. There is currently one (1) HUD approved NRSA, Wahiawa. The City is committed to supporting eligible NRSAs and the creation of new NRSAs.

3. Evaluation of past performance

During the past Consolidated Plan period, the City successfully assisted low- to moderate-income communities and individuals and met or exceeded most of its goals and objectives identified in the 2010-2015 Consolidated Plan.

Housing: The City provided funding to projects that preserved affordable housing, developed rental housing for low- and moderate-income households, renovated an affordable housing complex for very low-income adults with physical disabilities and/or traumatic brain injury, and provided low-interest loans to homeowners to correct conditions in deteriorated homes. The City also provided funding to various nonprofit agencies to carry out capital improvements on housing units for low- and moderate-income families and special needs populations.

Homelessness: Funding was provided to renovate emergency and transitional shelters that provide services to homeless individuals and families and persons at-risk of homelessness. Annually, over 2,000 individuals and families were provided with shelter and supportive services. The City also funded projects that provided stabilizing services such as work readiness, housing placement, legal services, emergency rent and utility assistance and tenant-based rental assistance.

Special Needs (Other than Homeless): The City provided funding to renovate or construct facilities that provided health care, services for the elderly and persons with disabilities, childcare activities, and improvements to comply with accessibility requirements. The City also provided funding for emergency services such as the acquisition of fire apparatus.

Community Development (Other than Housing): Twenty percent (20%) of the City's formula grant allocation is targeted to fund projects in Neighborhood Revitalization Strategy Areas (NRSAs). The City funded a Community Based Development Organization (CBDO) project in an NRSA and also funded projects that provided entrepreneurial and business start-up training to low- and moderate-income individuals.

4. Summary of Citizen Participation Process and consultation process

A Public Hearing was conducted on September 22, 2015, to obtain the views and comments of the public with regard to the City's performance, and the housing and community development needs for the upcoming Action Plan. However, at the appointed time and place, no members of the public were present. As such, no testimony was given on the above subjects and no written testimony was received by the cut-off date of September 28, 2015.

To obtain further public input, the City will utilize several City Council and Budget Committee meetings for the budget resolution/ordinance scheduled during the months of March through April 2016 as public hearings.

In order to broaden participation, the City uses its website to facilitate providing information to the public. The current and several prior year Action Plans, as well as the Consolidated Plan for Fiscal Years 2016-2020, are available at www.honolulu.gov/cms-bfs-menu/site-bfs-sitearticles/23311-federal-grants.html. The Request for Proposal documents along with Project Proposal applications were available at www.honolulu.gov/pur and the City also maintains an e-mail subscription list where interested parties may sign up to receive notification of CDBG and HOME funding announcements.

A public notice was published on March 25, 2016 inviting the public to review and comment on the Draft Twenty-Second (22nd) Year Action Plan, which outlines how the City will be implementing the CDBG, ESG, HOME and HOPWA programs. A final notice reflecting actual program plans will be published by May 2016.

The Draft Twenty-Second (22nd) Year Action Plan will continue to be made available through April 25, 2016 to all interested parties as a way of further soliciting input and comments on the Action Plan in total and on specific areas of concern. Any comments or corrections concerning the Draft Action Plan will be incorporated in the Final Plan. The final version will be made available in May 2016.

5. Summary of public comments

In lieu of a public informational/orientation session, concerning the CDBG program, information and an overview of the program was provided with the Request For Proposals (RFP) funding application packet. The public was given an opportunity to submit written questions about the program and the RFP process or to submit their inquiries by voicemail. Three (3) questions were received. These questions and the Department's responses were issued as Addenda to the RFP and additionally posted on the Department's Purchasing webpage to provide all interested parties with the additional information. The questions and answers provided are noted below.

Q1. Is self certification of income allowable? There appears to be an inconsistency on this issue between the RFP and Appendix A (the application). Page 5 of the RFP states that "Certification of income can also be obtained through self-certification, meaning the clients of a project signs a Self-Certification of Family Size and Income Form, attached as Appendix E-1..." while page 4 of Appendix A states "Note: third-party verification of income is required; self certification of income is not allowed."

A1. Yes, Self Certification is now allowed, therefore, please disregard the note in the National Objective section of Appendix A, which states: "Note: third-party verification of income is required; self-certification of income is not allowed."

Q2. Appendix C-4 "Statutory Worksheet" could not be located in the RFP package.

A2. Attached is Appendix C-4.

Q3. The "Consistency with City Goals and Priorities" section of Appendix A states that projects should address at least one Consolidated Plan activity and to list the Code(s) and Activity Description that applies to our project from the list on page 9 of the RFP. We could not find the list on page 9 of the RFP.

A3. The list of Consolidated Plan Codes and Activity Descriptions are provided below:

PI2	Acquire, construct, replace, or renovate city-owned facilities and infrastructure to benefit LMI communities

6. Summary of comments or views not accepted and the reasons for not accepting them

After the completion of the comment period, this section will be updated.

7. Summary

The objectives and outcomes reflect the City’s highest priorities. Two (2) objectives, Housing First Development and Housing First Services, are articulated to stress an updated approach to reducing chronic homelessness. The target outcome levels reflect the availability of resources more than they reflect the level of needs. Consultation and comments were conducted in accordance with the City’s Citizen Participation Plan and Consolidated Planning requirements.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Hawaii Interagency Council on Homelessness (HICH) was enacted by the State of Hawaii in 2012. HICH is required to meet four times a year and its membership includes the mayors of all four counties and directors of the State agencies that have a role in the prevention and remediation of homelessness in the islands. These State agencies are:

- Department of Health (DOH)
- Department of Human Services (DHS)
- Department of Labor and Industrial Relations (DLIR)
- Department of Business, Economic Development, and Tourism (DBEDT)
- Hawaii Housing and Finance Development Corporation (HHFDC)
- Hawaii Public Housing Authority (HPHA)
- Office of Hawaiian Affairs (OHA)
- Department of Hawaiian Home Lands (DHHL)

Coordination through the HICH is enhanced because of four goal-oriented working groups with several City stakeholders as lead coordinators or active participants. The goals are:

- Retooling the Homeless Crisis Response System;
- Increasing Access to Stable and Affordable Housing;
- Increasing Economic Stability and Self-Sufficiency; and
- Improving Health and Stability.

As the goals suggest, the working groups bring together many stakeholders, including public and private housing providers. It brings together government and private health service entities who deal with relevant health concerns like mental health, alcohol and substance abuse, communicable diseases, AIDS/HIV and others. It brings together the stakeholders who are addressing economic development, employment, and the interests of Native Hawaiians. It also includes the “Partners In Care – Oahu Continuum of Care” (PIC), a planning, coordinating, and advocacy alliance that develops recommendations for programs and services to fill needs within Oahu’s Continuum of Care (CoC) for homeless persons. PIC assists in developing new programs, while working to preserve or expand effective existing programs.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City is a partner of the PIC. It is currently a collaborative applicant for HUD's Continuum of Care homelessness assistance grant. In serving as a collaborative applicant, it also supports the PIC's coordinated efforts to address the details of the needs of the City's homeless population.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The PIC's governance charter formalized PIC's consultation role in the allocation of ESG funds and the assessment of performance of ESG subrecipients. In determining how to allocate ESG funds, the City and PIC assess past performance and current needs to determine if existing performance standards and outcomes need to be modified. In consultation with ESG subrecipients, PIC is also responsible for setting up a coordinated needs assessment system. HUD compliance requirements and results of consultation become the basis for improving existing policies and procedures or creating new ones. PIC's governance charter formalized PIC's role in developing funding, policies and procedures for the administration of Homeless Management Information System (HMIS). HUD's Priority Community Initiative provided technical assistance and this helped PIC develop a strategic HMIS plan to ensure that the HMIS is administered in compliance with the HUD's Continuum of Care (CoC) Program rules, data standards and HUD requirements.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities.

Two community stakeholder meetings were held for the Consolidated Planning process. One was conducted on the West (Kapolei) and the other on the East (Ala Wai) side of the island to encourage community participation. The participants included nonprofit organizations and City agencies. These groups are actively involved in affordable housing development or continuum of services, community development, or the provision of employment training, domestic violence assistance, and social services for low-income and presumed low-income groups.

The City's Department of Planning and Permitting (DPP) completed an Island-wide Housing Strategy and the Mayor's Office of Housing is responsible for the implementation of the City's Housing First strategy. The City's Island-wide Housing Strategy and Housing First Initiatives were presented at the forums and helped the City

gauge the more specific needs and gaps that had to be considered in the planning process.

For its online survey and two community meetings, the City also asked networks and collaborative entities to reach out to targeted stakeholders. Three entities, HICH, PIC, and the State Legislature’s Ad Hoc Task Force on Affordable Housing and Homelessness, have shared objectives and extensive lists of targeted stakeholders. Individual stakeholders also took it upon themselves to forward information to others. The online survey was extended to the general public via a City website link, the Neighborhood Board Commission and City Council members. Email notifications were sent to individuals/organizations on the City’s email subscription list too. The survey gauged priority needs and groups to be served.

One-on-one consultations were also initiated with representatives from HOPWA service providers, PIC, HPHA, DOH Adult Mental Health Division (AMHD), HHFDC, and others.

Summarize citizen participation process and how it impacted goal-setting

The City encouraged citizen participation in the development of the Action Plan. The citizen participation process was guided by the City’s Citizen Participation Plan (CPP) which details the manner in which the public is notified of upcoming meetings and other opportunities to provide comments on the development of and updates to the City’s Consolidated and Annual Action Plans.

The City held public meetings, published public notices in a newspaper of general circulation and sent out notifications to its email subscribers.

Notices were also posted on the City’s website at <http://www.honolulu.gov/cms-bfs-menu/site-bfs-sitearticles/23311-federal-grants.html>.

A summary of responses is noted in the Table 4.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied:

The table above reflects anticipated HUD CPD resources which will be administered by the City. The ESG match is expected to be satisfied through the use of other City funds. The HOME match requirement is expected to be satisfied with Low-Income Housing Tax Credits (LIHTC) that are administered by the State of Hawaii Housing Finance and Development Corporation, waived Real Property Taxes, and/or waived General Excise Taxes.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan:

For properties assisted with CDBG, HOME or matching funds, the City may require that units remain affordable and obtain concurrence from HUD prior to completing the sale or lease.

In addition, the City's CDBG and HOME funded affordable housing projects includes units whose required affordability period expires within the ConPlan period. However, the units may remain in the affordable housing inventory as some projects may become permanent supportive housing under the Housing First Initiative approach to ending homelessness.

Discussion:

The City will continue to pursue other available federal, state and private funding sources to leverage funding for the proposed community development initiatives in the Consolidated Plan

In addition, the City intends to exercise its Pre-Award option for the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) funded projects. The projects below represent the 25% pre-award project costs that may be incurred without HUD approval.

Table 11 – HOPWA Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs:

As a requirement to continuing to receive funds from HUD, the City must submit annually a one-year action plan which details the housing and community development activities that it intends to carry out using monies from HUD entitlement programs (i.e. CDBG, HOME, ESG, HOPWA). The City solicits projects for funding through a Request for Proposal process and may reserve portions of the funding for City-Sponsored Initiatives and for delayed projects carried forward from prior-year Action Plan(s). Subject to the availability of funds, proposals from qualified non-profits and City agencies are solicited annually for CDBG and HOME projects and every two years for HOPWA and ESG.

Funding decisions for the annual Action Plan are based on the needs and strategies identified in the Consolidated Plan. A selection committee comprised of community members nominated by the City Council and the Mayor reviews proposals and recommends funding for both the CDBG and HOME programs. ESG and HOPWA funding recommendations are made by selection committees composed of City staff members.

All funding recommendations are presented to the public for comment and the City Council for approval before being submitted to HUD.

For the CDBG and HOME programs, the City will include a list of alternate projects each year in the Annual Action Plan. If funds become available from program income or because a funded project is delayed, canceled, performed at a lower cost than the budgeted amount, or proves not feasible for funding, the Administration may select an alternate project from the current Annual Action Plan.

In the event that the alternate list is exhausted and/or it is determined that the projects on the alternate list are not feasible for funding in a timely manner or other issues are encountered, which will jeopardize current and/or future HUD entitlement programs funding, the Administration may, in accordance with any applicable ordinance requirements or budget procedures, re-direct funds to any of the following activities, in any order:

- Increased funding for projects selected under the current-year Action Plan or previously selected under a prior year Action Plan, where the funds can be spent within twelve (12) months after contract amendment;
- Capital Improvement Projects undertaken by the City that: (1) fulfill the CDBG National Objective of principally benefiting low and moderate income persons; (2) are identified in the City budget; and (3) require additional funding.
- Property acquisition projects either by the City or by non-profit subrecipients that fulfill either the CDBG National Objective of principally benefiting low and moderate income persons or HOME program eligibility requirements;
- Capital Improvement or Acquisition Projects on prior year Alternate Lists that have the requisite approvals and permits in place and are ready for construction so that CDBG funds can be spent within twelve (12) months upon contract execution;
- Other Projects which have previously completed a Competitive Selection process, within the last two years, conducted by the City and County of Honolulu that have the requisite approvals and permits in place and are ready for construction so that CDBG funds can be spent within twelve (12) months upon contract execution; and

Upon identification of eligible projects and prior to the submission of any required Action Plan amendment or reprogramming resolution, the Administration shall provide the City Council with a list of said projects.

Obstacles to addressing underserved needs stem from a lack of funding, although the City will collaborate with other agencies to address any shortfalls.

Table 12 – Project Summary

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed:

The City's Housing First Model to end homelessness will target the Waianae Coast, Downtown Honolulu, and East Honolulu areas.

In addition there has been no change to the Wahiawa NRSA application; therefore, their previously approved NRSA application was submitted in the ConPlan for HUD approval.

Geographic Distribution

Target Area	Percentage of Funds
Citywide	49.30%
Downtown Honolulu	3.48%
East Honolulu	2.58%
Hauula	6.46%
Kahuku	4.68%
Kalihi Kai	4.68%
Waianae Coast	2.58%
Wahiawa NRSA	26.24%

Table 13 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The areas for the City's Housing First Model to end homelessness are local priority areas based on the City's strategic development scheme and assessment.

In 2012, the Honolulu City Council passed Resolution 12-11, which stated that no less than 20% of all CDBG funds shall be expended on programs undertaken in NRSAs. Although there is no funding provided to a project in the NRSA, the City will continue to support the strategic plan of its existing eligible NRSA and is committed to support the creation of new NRSAs.

Discussion

The City commenced its Housing First Scattered Site Model to reduce chronic homelessness in the City and County of Honolulu.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

The Consolidated Plan priorities are based on the results of conducting needs assessments and market analyses, consultations with community groups, an on-line survey and collaborations with other agencies. Through the consultation process the City has identified the lack of affordable housing to be one of the highest priority needs for the next five year period and anticipates funding the following affordable housing priorities:

- Development of new and preservation of existing affordable and special needs rental housing.
- Low-interest down payment loans and closing costs to low- and moderate-income homebuyers.
- Low-interest rehabilitation loans to low- and moderate-income homeowners to correct conditions in deteriorated homes.

AP-60 Public Housing – 91.220(h)

Introduction:

The Hawaii Public Housing Authority (HPHA) owns and operates public housing for the State of Hawaii. The City and the four other Hawaii counties work with the HPHA on public and assisted housing.

Actions planned during the next year to address the needs to public housing:

At this time, the City currently has no plans to contribute federal funds to public housing.

Actions to encourage public housing residents to become more involved in management and participate in homeownership:

Not applicable.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance:

Not applicable.

Discussion:

At this time, the City currently has no plans to contribute federal funds to public housing.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Homelessness is the top priority of the City Administration and City Council. It is also a top concern expressed by the public. The dire situation is captured by data collected and reported through the State's 2014 Homeless Service Utilization Report and Point in Time Count Report.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs:

Within the Partners In Care - Oahu Continuum of Care (PIC), there are providers who specialize in providing outreach and assistance to homeless individuals and families.

Addressing the emergency shelter and transitional housing needs of homeless persons:

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH) Act, enacted into law on May 20, 2009, consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program, revised the Emergency Shelter Grants program and renamed it the HEARTH Act Emergency Solutions Grants (ESG) program and referred to as the Emergency Solutions Grants Program. The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part of HUD's application process to assist homeless persons by providing greater coordination in responding to their needs. Under the 1999 Continuum of Care Homeless Assistance Program competitive grant there are three categories: Supportive Housing Program (SHP), Shelter Plus Care Program (S+C) and Moderate Rehabilitation for Single Room Occupancy Dwellings Program (SRO). The Transitional Housing Program element of the Supportive Housing Program provides rehabilitation funding to create transitional shelters for the homeless, as well as operating funds for supportive services programs. The Supplemental Assistance For Facilities To Assist The Homeless Program (SAFAH) supplements assistance provided under the Emergency Solutions Grants (ESG) Program or Supportive Housing Program. These funds can be used for emergency shelters, transitional and permanent housing, supportive services, property acquisition/rehabilitation and operating expenses.

The City will continue to utilize the Emergency Solutions Grant to fund Emergency Shelter Services (essential services and operational costs) to assist shelters and transitional housing programs with the operating costs of those facilities. Rapid Re-Housing, under ESG, allows persons in emergency and transitional housing programs that come from the streets and or shelters to be quickly housed.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again:

The Housing First approach to end homelessness represents the City's broad and long-term strategy for ending homelessness.

Also, the Continuum-in-Care Oahu (Partners-in-Care Oahu) is actively involved in identifying priorities for allocating ESG funds. A vulnerability assessment indexing tool is utilized to ensure that needs of eligible clients are addressed successfully and it requires benchmarking, e.g. Homeless Management Information System (HMIS) and Point in Time Count reporting.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs:

The City's residents are served by mainstream programs and services of: the State of Hawaii DOH including its Adult Mental Health Division (AMHD) programs; DHS including its Benefit, Employment, and Support Services Division programs, Social Service Division programs (BESSD), HEALTH-MedQuest Division programs, Office of Youth Services (OYS) programs, Division of Vocational Rehabilitation (DVR) programs; the City and County Oahu WorkLinks programs for employers, jobseekers and youth programs; and the City and County Community-Based Development Division programs. An Oahu Homeless Help Card offer a glimpse of the services and facilities that are part of the network serving homeless clients as provided in the ConPlan.

The DOH AMHD implements discharge planning for all State Hospital patients 90 days prior to discharge and assign case managers. It tracks individuals at-risk of losing housing after initial discharge and mandates that case managers include a plan for transitioning the individual into permanent living arrangements. It also provides an AMHD ACCESS line for helping clients in situations where case management services fell apart. The AMHD has housing providers for homeless clients and these providers are selected through the State's purchase of goods and services process. As such, the housing facilities can change from time to time.

The DOH implements PATH or Project for Assistance in Transition from Homelessness, a new project funded by the federal Substance Abuse and Mental Services

Administration (SAMSA) to provide new substance abuse and mental health services to assist in maintaining housing.

The State Homelessness Program Office operates within the State's BESSD and administers various contracts for the provision of shelter, housing, services for the homeless or those at-risk of becoming homeless. Among these are those that may fund entities focusing on particular homeless sub-populations, e.g. veterans.

The City and County's Oahu WorkLinks Program implements a work readiness and rent-to-work program that targets homeless individuals, older and young adults. The City's Rent To Work program provides temporary rental assistance with HOME funds to eligible individuals experiencing homelessness and provides case management, financial literacy and work readiness training, and employment services with CDBG funds to enhance these individuals' self-sufficiency.

Discussion:

The City's Housing First approach to end homelessness is a major factor to address homelessness.

Also, the City's ESG Program is designed to support activities to provide basic shelter and essential supportive services to persons experiencing homelessness or at-risk of experiencing homelessness.

AP-70 HOPWA Goals – 91.220 (I)(3)

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The City is considered to have one of the strictest land use laws in the United States with the government having an unprecedented degree of control over land development. Regulations which were implemented to address environmental concerns and to establish systematic land use review procedures include regulations that protect sensitive environmental and cultural resources, facilitate connectivity, and maintain public health and safety. The City's Affordable Housing Rules for Unilateral Agreements pertaining to the production of affordable housing is not generating enough housing to meet the needs of households earning 80 percent (80%) or less of the average median income of the City and County of Honolulu (AMI). The City's Land Use Ordinance to allow Accessory Dwelling Units (ADUs) was amended to encourage and accommodate the construction of accessory dwelling units to increase the number of affordable rental units.

Actions planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City is in the process of revising its Affordable Housing regulations. Currently the Unilateral Agreement required for rezoning (UA) requires that thirty percent of housing, in projects of ten units or more, be affordable to households earning 80% to 140% of AMI for a minimum of ten years. Of this thirty percent, a minimum of twenty percent of the total units must be affordable to those earning up to 120% AMI, of which ten percent of the total units must be affordable to those earning up to 80% AMI.

In light of the City's experience with UA's, research on similar programs across the country, and the documented need for rental housing at lower income levels for a longer period, a new proposed affordable housing requirement would apply to all housing projects (not just rezoning). It would require a lower percentage of units, but at lower AMIs and for a longer period. The proposed requirement provides four options for compliance: on-site construction of affordable units, off-site construction, payment of cash in lieu of construction into a fund dedicated to the production and preservation of affordable housing, dedication of suitable land on which to construct affordable housing, or a combination of these options.

Under all four options, the proposed length of the affordability period is thirty years, or three times the current ten-year period under the UA. However, if any city funds or land are allocated to a project, the required affordability period will likely be 60 years or longer. The requirement can be adjusted to account for varying unit sizes, lower income ranges, or other factors, similar to the way the current Unilateral Agreement rules are administered. Additional information can be found at: <http://www.honoluluapp.org/>

In addition, Ordinance 15-41 amending the City's Land Use Ordinance to allow Accessory Dwelling Units (ADUs) was adopted by the Honolulu City Council on September 2, 2015. The purpose of the amendment is to encourage and accommodate the construction of accessory dwelling units to increase the number of affordable rental units, without substantially altering existing neighborhood character, in order to alleviate the housing shortage in the city.

AP-85 Other Actions – 91.220(k)

Introduction:

The actions listed below are Actions taken by City to meet the requirements of §91.320(j). Other Actions include Meeting Underserved Needs, Fostering and Maintaining Affordable Housing, Lead-Based Paint Hazard Mitigation, Reducing Poverty-Level Households, Developing Institutional Structure, and Coordination of Housing and Services.

Actions planned to address obstacles to meeting underserved needs:

The City has identified the following actions to address obstacles to meeting underserved needs:

- Housing First approach to end homelessness, which reverses the existing practice of “stabilizing” conditions first before helping a client find housing.
- Collaboration with other agencies to address funding shortfalls.

Actions planned to foster and maintain affordable housing:

The City has identified the following actions to foster and maintain affordable housing:

- Prioritize HOME funds for the creation and maintenance of affordable housing.
- Down Payment Assistance Program, which provides low-interest down payment loans and closing costs to low and moderate income homebuyers.
- Rehabilitation Loan Program, which provides low-interest loans to low and moderate income homeowners to correct conditions in deteriorated homes.

Actions planned to reduce lead-based paint hazards:

The City has identified the following actions to reduce lead-based paint hazards:

- Provide each family receiving federal assistance information regarding Lead Based Paint (LBP) hazards.
- Increase access to housing without LBP hazards through the development of new housing stock.
- Require projects that involve children to plan for reduction of LBP hazards relates to the extent of LBP poisoning and hazards by testing for the presence of lead, mitigating or removing potential hazards, increasing safer environments, and requiring third-party certified clearances.

- LBP hazard reduction is integrated into housing policies and programs by incorporating clauses requiring contractor's to use safe work practices; and, in cases of LBP removal, to follow Federal and State regulations.

Actions planned to reduce the number of poverty-level families:

The City has identified the following actions to reduce the number of poverty-level families:

- Commencement of the City's Housing First approach to end homelessness.
- Section 8 Housing Choice Voucher Program rental subsidies to extremely low- and low-income families that are primarily elderly, disabled and those with special needs.
- Family Self-Sufficiency (FSS) program to help families obtain employment that will lead to economic independence and self-sufficiency.
- Homeownership Option Program (HOP), which allows eligible Section 8 families to apply their Section 8 Housing Choice Voucher Program assistance towards a homeownership subsidy rather than rent. Eligible families receive case management services, credit repair counseling, money management education, and referrals to community homebuyer education classes.
- Provide employment training to economically disadvantaged adults and youth, including case management, occupational skills training, educational remediation, motivation and life skills training, job development and placement, and support services such as child care and transportation.

Actions planned to develop institutional structure:

The City has identified the following actions to produce an institutional structure:

- Provide technical assistance and capacity building support for non-profits.
- Strengthen the partnerships between the City, State, and HUD.
- Collaborate with the State of Hawaii in the creation of affordable housing.

Actions planned to enhance coordination between public and private housing and social service agencies:

The City has identified the following actions to enhance coordination between public and private housing and social service agencies:

- Collaborate with public and private housing advocates, housing developers, and social service agencies to identify opportunities to work together to produce affordable and supportive housing.
- Collaborate with agencies providing supportive services to the homeless and those at risk of becoming homeless to avoid duplication of services.
- Support the Hawaii Interagency Council on Homelessness as it continues its collaborative efforts to develop strategies to address homeless issues.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out:

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$525,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	\$0
5. The amount of income from float-funded activities	\$1,511,411
Total Program Income	\$2,036,411

Other CDBG Requirements:

1. The amount of urgent need activities	\$0

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(I)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The City does not provide any other forms of investment beyond those identified in Section 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

The procedure used for the City's Downpayment Loan Program is a recapture procedure. DCS enforces the recapture provisions, which requires homebuyers to occupy the units for a minimum of ten (10) years or repay the prorated portion of the loan. The recapture requirement is written in the Downpayment Loan Program Procedures, as well as in the Use Restriction Agreement drafted for homebuyer closings.

- 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

Currently the City does not use HOME funds to acquire units. However, if units are acquired with HOME funds, the City will utilize both the recapture and resale provisions to ensure the affordability of units acquired with HOME funds. The provision will be determined based on underwriting criteria at the time of review and negotiation of the funding to the project. The provision will be described in the contract between the City and the Developer.

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

The City does not use HOME funds to refinance existing debt.

1. Include written standards for providing ESG assistance (may include as attachment):

The written standards for providing ESG assistance are attached as Appendix 1.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system:

Hale O Malama (HOM) is the Honolulu Continuum of Care Coordinated Entry System. It operates as a central gathering point of client data, case conferences, and referrals throughout the continuum. At this time, client data consists primarily of information gathered through the Vulnerability Index – Service Prioritization and Decision Assistance Tool (VI-SPDAT) which is collected by outreach workers and shelter case managers.

The non-profit PHOCUSED serves as the backbone support organization on behalf of the Honolulu CoC to assist in the setup and planning work around, entering in the VI-SPDATs, convening regional case conferences, conducting trainings, and coordinating referrals with the CoC. HOM is comprised of CoC funded partners as well as non-traditional providers of care to homeless populations from the healthcare sector.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations):

In August 2015, a draft allocation for the FY17 Emergency Solutions Grant (ESG) program was approved by the City's Department of Community Service's Director. The funding levels remained relatively the same as those for FY16 when the funding allocations were updated to better align the ESG program with the City's Housing First Initiative.

The City solicited input from Partners in Care (PIC), the City and County of Honolulu's Continuum of Care, through a presentation of the FY17 allocation at PIC's August 2, 2015 planning committee meeting. During the presentation, while there were no objections to the allocations, it was determined that the committee would be in a better position to assess the allocation after PIC completed its mapping of homeless resources. PIC members were also given the opportunity to provide written comments to the City's Department of Community Services by September 15, 2015. No comments were received by that date.

A Request for Proposals (RFP) was released on January 5, 2016. Potential

applicants were informed of the RFP on January 5, 2016, through a public notice in the Star-Advertiser, an email to the 500+ stakeholders who had registered with Budget and Fiscal Services' HUD funding opportunities email notification system, an email to the 130+ members of PIC's Google Groups email list, and an announcement made during PIC's January 19, 2016 general meeting.

Hard copies of the application were available for pick-up at the Department of Community Services main office. Electronic versions were also available on request. An informational meeting was held on January 20, 2016 from 10:00 a.m. to 11:00 a.m. During the meeting, an overview of the ESG program and the RFP process was given which was followed by a question and answer period. Interested parties were also provided the opportunity to ask questions via phone calls or emails to the.

All of the proposals were reviewed for eligibility by a City staff member, before being forwarded to a three member selection committee comprised of City staffers which evaluated and scored all eligible proposals.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG:

In developing ESG policies and funding allocations, the City works with PIC, the Honolulu CoC's decision making body that consists of government agencies, non-profit service providers, faith-based groups, other community agencies and consumers.

PIC actively works to engage homeless and formerly homeless persons and has reserved a position on its Executive Committee for a homeless or formerly homeless person.

5. Describe performance standards for evaluating ESG.

Performance Standards are included with the ESG Written Standards attached as Appendix 1.

Discussion:

See above.

Appendix 1

EMERGENCY SOLUTIONS GRANT PROGRAM STANDARDS

**CITY AND COUNTY OF HONOLULU
EMERGENCY SOLUTIONS GRANT PROGRAM STANDARDS**

The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009, reauthorized the McKinney-Vento Homeless Assistance programs. Based on provisions in the HEARTH Act, an interim rule was published in the Federal Register on December 5, 2011 which established the regulations for the Emergency Solutions Grant (ESG) program. The new regulations require the establishment of written standards for providing ESG assistance and the consistent application of these standards to all program participations (*24 CFR 576.400(e)*).

The City and County of Honolulu (City) goals in establishing and promulgating these standards are:

- greater consistency and coordination among ESG projects,
- increased system transparency regarding local priorities and performance standards, and
- increased community-wide expectations on the quality of ESG funded homeless assistance programs.

I. PROGRAM-WIDE POLICIES AND PROCEDURES

All ESG subrecipients must agree to administer their assistance in compliance with these standards. Subrecipients may develop additional standards for administering assistance, but they cannot be in conflict with these standards or the ESG interim rule.

a. Coordination among Providers

With limited ESG funding, it is important that subrecipients coordinate and integrate, to the maximum extent practicable, their activities with other homeless providers as well as providers of mainstream housing, health, social services, employment, education, and youth programs.

To facilitate coordination, the City and County of Honolulu and its subrecipients will undertake the following activities.

1. Participation in Partners In Care

Within the City and County of Honolulu, Partners in Care (PIC), is the primary organizational body for the coordination of resources for homeless and at-risk of homelessness individuals and families. PIC is a coalition composed of representatives of organizations from nonprofit homeless providers, government stakeholders, private businesses, community advocates, public housing agencies, hospitals, universities, affordable housing developers, law enforcement, and homeless and formerly homeless persons. PIC is a planning, coordinating, and advocacy alliance that develops

recommendations for programs and services to fill needs within Oahu's Continuum of Care for homeless persons.

The City and ESG subrecipients will participate in PIC in the following ways:

1. City staff will regularly attend PIC general meetings.
2. At least one City staff member will be a member of the PIC planning committee and consult with the committee on ESG funding allocations, performance standards, and outcome evaluation.
3. All ESG subrecipients will be voting members of PIC and regularly attend PIC general meetings.
4. All ESG subrecipients will be encouraged to become a member of at least one PIC subcommittee.
5. All ESG subrecipients will be encouraged to attend PIC's Homeless Awareness Conference which includes breakout sessions on mainstream (i.e. non-homeless specific) services.

NOTE: regular attendance is defined as attending to at least 75% of the meetings.

The City will also assist PIC in gathering the necessary information for PIC to complete its annual gaps analysis of the homeless needs and services available within the City and County of Honolulu.

2. City Sponsored Discussions and Opportunities

On a periodic basis, the City will hold structured discussions with various social service providers to explore various ways homeless providers can help their clients tap into mainstream benefits. ESG subrecipients will be encouraged to attend these meetings to further their knowledge on potential benefits for their clients.

In addition, the City will send out emails informing the ESG subrecipients of City resources which may be of interest to their agency or to their clients. Examples include agency specific funding opportunities (e.g. Request for Proposals for the City's Grant-in-Aid or Housing First programs) or the opening of the Section 8 wait list.

3. Participation with Other Groups

In addition to PIC participation, subrecipients are expected to take part in other groups dedicated to the coordination and deployment of resources for homeless persons such as:

- the Hawaii Interagency Council on Homelessness
- the Mayor's Challenge to End Veterans Homelessness
- 25 Cities Boot Camp
- the Leeward Housing Coalition
- Hale O Malama Case Conferencing for the Coordinated Entry System

NOTE: even though domestic violence providers are exempt from participating in the Coordinated Entry System, they are still encouraged to attend case conferencing sessions to network with other homeless providers and familiarize themselves with services available to their clients.

b. Participation of Homeless Persons

Subrecipients must, to the greatest extent practicable, involve homeless individuals and families in the construction, renovation, maintenance, and operations of ESG funded shelters and services. Involvement can be both paid or volunteer.

Subrecipients are encouraged, but not required, to have one homeless or formerly homeless individual on its board of directors or other policy-making entity, to the extent that the entity considers and makes policies and decisions regarding any ESG funded facility or service.

c. Participation in the State of Hawaii's Homeless Management and Information System (HMIS)

All subrecipients must enter client data into the State of Hawaii's Homeless Management and Information System (HMIS). Subrecipients which are victim service providers or legal services providers are exempt from HMIS participation. However, such exempt agencies must still use a comparable database to collect client-level longitudinal data and generate unduplicated aggregate reports based on that data.

d. Housing Standards

1. Emergency Shelters. Shelters which receive funding for shelter operations or renovation must meet the following safety, sanitation, and privacy standards (24 CFR 576.403(b)).

(1) *Structure and materials*. The shelter building must be structurally sound to protect residents from the elements and not pose any threat to health and safety of the residents. Any renovation (including major rehabilitation and conversion) carried out with ESG assistance must use Energy Star and WaterSense products and appliances.

(2) *Access*. The shelter must be accessible in accordance with Section 504 of the Rehabilitation Act (29 U.S.C. 794) and implementing regulations at 24 CFR part 8; the Fair Housing Act (42 U.S.C. 3601 *et seq.*) and implementing regulations at 24 CFR part 100; and Title II of the Americans with Disabilities Act (42 U.S.C. 12131 *et seq.*) and 28 CFR part 35; where applicable.

(3) *Space and security*. Except where the shelter is intended for day use only, the shelter must provide each program participant in the shelter with an acceptable place to sleep and adequate space and security for themselves and their belongings.

(4) *Interior air quality.* Each room or space within the shelter must have a natural or mechanical means of ventilation. The interior air must be free of pollutants at a level that might threaten or harm the health of residents.

(5) *Water supply.* The shelter's water supply must be free of contamination.

(6) *Sanitary facilities.* Each program participant in the shelter must have access to sanitary facilities that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.

(7) *Thermal environment.* The shelter must have any necessary heating/cooling facilities in proper operating condition.

(8) *Illumination and electricity.* The shelter must have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There must be sufficient electrical sources to permit the safe use of electrical appliances in the shelter.

(9) *Food preparation.* Food preparation areas, if any, must contain suitable space and equipment to store, prepare, and serve food in a safe and sanitary manner.

(10) *Sanitary conditions.* The shelter must be maintained in a sanitary condition.

(11) *Fire safety.* There must be at least one working smoke detector in each occupied unit of the shelter. Where possible, smoke detectors must be located near sleeping areas. The fire alarm system must be designed for hearing-impaired residents. All public areas of the shelter must have at least one working smoke detector. There must also be a second means of exiting the building in the event of fire or other emergency.

2. Permanent Housing. ESG funds may only be used to assist program participants remain or move into permanent housing that meets the following habitability standards.

(1) *Structure and materials.* The structures must be structurally sound to protect residents from the elements and not pose any threat to the health and safety of the residents.

(2) *Space and security.* Each resident must be provided adequate space and security for themselves and their belongings. Each resident must be provided an acceptable place to sleep.

(3) *Interior air quality.* Each room or space must have a natural or mechanical means of ventilation. The interior air must be free of pollutants at a level that might threaten or harm the health of residents.

(4) *Water supply.* The water supply must be free from contamination.

(5) *Sanitary facilities.* Residents must have access to sufficient sanitary facilities that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.

(6) *Thermal environment.* The housing must have any necessary heating/cooling facilities in proper operating condition.

(7) *Illumination and electricity.* The structure must have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There must be sufficient electrical sources to permit the safe use of electrical appliances in the structure.

(8) *Food preparation.* All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a safe and sanitary manner.

(9) *Sanitary conditions.* The housing must be maintained in a sanitary condition.

(10) *Fire safety.* (i) There must be a second means of exiting the building in the event of fire or other emergency. (ii) Each unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each occupied level of the unit. Smoke detectors must be located, to the extent practicable, in a hallway adjacent to a bedroom. If the unit is occupied by hearing impaired persons, smoke detectors must have an alarm system designed for hearing-impaired persons in each bedroom occupied by a hearing-impaired person. (iii) The public areas of all housing must be equipped with a sufficient number, but not less than one for each area, of battery-operated or hard-wired smoke detectors. Public areas include, but are not limited to, laundry rooms, community rooms, day care centers, hallways, stairwells, and other common areas.

e. Definition of Homeless and At-Risk of Homelessness

The definitions and categories of homeless and at-risk of homelessness are attached as Exhibit A (24 CFR 576.2).

Subrecipients should refer to Exhibit A when determining client eligibility for ESG assistance.

II. STREET OUTREACH – SPECIFIC PROVISIONS

While the City does not currently fund street outreach activities, the following policies and procedures will apply in the event that street outreach activities receive future funding.

a. Evaluation of Individuals' and Families' Eligibility for Assistance.

Subrecipients must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing.

In order to be eligible for street outreach assistance, individuals and families must be defined as homeless under the following categories:

- Category 1 – literally homeless AND unable or unwilling to access services in an emergency shelter
- Category 4 – fleeing / attempting to flee a domestic violence situation.

Once a person is determined to be eligible for ESG funded street outreach services, subrecipients must enter that person into PIC's coordinated assessment system, Hale `O Malama, if that person is not already in the system.

Subrecipients are encouraged to re-evaluate participant eligibility on an annual basis or whenever a participant's living situation changes.

b. Targeting of Clientele and Provision of Essential Services. Street outreach is limited to persons described in Section II.a. who are living on the island of Oahu. Services are limited to:

(1) *Engagement* - activities to locate, identify, and build relationships with unsheltered homeless people and engage them for the purpose of providing immediate support, intervention, and connections with homeless assistance programs and/or mainstream social services and housing programs.

(2) *Case management* - assessing housing and service needs, arranging, coordinating, and monitoring the delivery of individualized services to meet the needs of the program participant.

(3) *Emergency health services* - direct outpatient treatment of medical conditions provided by licensed medical professionals operating in community-based settings, including streets, parks, and other places where unsheltered homeless people are living.

(4) *Emergency mental health services* - direct outpatient treatment by licensed professionals of mental health conditions operating in community-based settings, including streets, parks, and other places where unsheltered people are living.

(5) *Transportation* - transporting unsheltered people to emergency shelters or other service facilities.

The City may determine that community need dictates funding of a particular service or the targeting of services to a particular geographic location or client population. In that instance, the City will solicit input from PIC before releasing a Request for Proposal (RFP) which outlines the target service or area. In addition, subrecipients will also be allowed to target services to a particular location or client population as long as the limitations are included in the project proposal which is submitted to the City in response to a RFP.

c. Performance Standards. Street outreach projects will be evaluated based on deliverables outlined in the project proposal. At a minimum, subrecipients will be evaluated on the following:

- number of persons served (actual v. proposed).

- percentage of program participants who move into sheltered housing which may include emergency or transitional housing (goal = 50%).

III. EMERGENCY SHELTERS – SPECIFIC PROVISIONS

Funds are available for facilities whose primary purpose is to provide a temporary shelter for the homeless and which does not require occupants to sign leases or occupancy agreements. In addition, any transitional shelter funded under a Fiscal Year 2011 (FY11) Emergency Solutions grant may continue to receive ESG Emergency Shelter funding. The four transitional shelters which have received ESG funding continuously from FY11 through FY16 are:

- Catholic Charities Hawaii – Ma`ili Land Transitional Shelter
- Child and Family Service – Domestic Violence Shelters
- Housing Solutions, Inc. – Loliana Apartments
- Housing Solutions, Inc. – Vancouver House

a. Evaluation of Individuals' and Families' Eligibility for Assistance.

Subrecipients must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing.

In order to be eligible for emergency shelter assistance, individuals and families must be defined as homeless under the following categories:

- Category 1 – literally homeless
- Category 2 – imminent risk of homelessness
- Category 3 – homeless under other federal statutes
- Category 4 – fleeing / attempting to flee a domestic violence situation.

Once a person is determined to be eligible for residence at an ESG funded emergency shelter, subrecipients must enter that person into PIC's coordinated assessment system, Hale `O Malama, if that person is not already in the system. Victim service providers are encouraged, but not required, to participate in the coordinated assessment system and/or regionwide case conferences.

b. Admission, Diversion and Referral Policies. All homeless persons seeking shelter should be provided shelter if there are available and/or appropriate beds. Agencies are allowed to have entry requirements which help to maintain the health and safety of the residents (e.g. current TB test), but are encouraged to keep such requirements to a minimum. In addition, families with children under age 18 may not be involuntarily separated because of the ages of the children if the shelter provides services to families with children under 18.

During the initial assessment, subrecipients must screen clients to determine whether a client can be diverted to more permanent housing or referred to mainstream

resources such as Section 8. Permanent housing options include ESG funded homelessness prevention or rapid re-housing services, HUD funded permanent supportive housing programs such as those under the Continuum of Care and HUD VASH as well as local initiatives such as the City's Housing First Program.

Vulnerable populations such as victims of domestic violence, the medically frail, victims of human trafficking, the mentally ill, youth, and the elderly oftentimes have special needs which serves as barriers to more stable housing and may be better served at smaller shelters which target those vulnerable populations and can more effectively deal with safety and service concerns. At a minimum, shelters must develop policies and procedures to identify and divert vulnerable residents to more appropriate locations.

Once PIC's coordinated assessment system is completely functional, diversions and referrals will be handled through Hale `O Malama. Until then, subrecipients are encouraged to attend case conferencing sessions to become aware of available housing options.

c. Discharge Policy / Maximum Length of Stay

There is no City imposed maximum length of stay for emergency or transitional shelters. Subrecipients have the discretion to set their own limitations on stays, but such limitations must be clearly communicated to residents.

Emergency shelters are encouraged to move their residents into more stable housing, which may include transitional shelters, as quickly as possible. Emergency shelter stays beyond 6 months are discouraged.

Transitional shelters are encouraged to move their residents into permanent housing within 24 months; however, subrecipients have the discretion to allow residents to stay beyond the recommended maximum if they determine an extended stay would allow for increased housing stability.

Shelters are allowed to involuntarily discharge (evict) residents who violate program rules. Such shelters must establish and consistently apply policies and procedures regarding involuntary discharges.

d. Essential Services – Assessing, Prioritizing and Reassessing Needs.

If a shelter receives ESG funds for to provide services to its residents, the shelter must determine the suitability of offering the service to each resident upon client intake. Shelters may limit services to particular clients, however the eligibility criteria must be outlined in the project proposal submitted in response to a RFP.

In instances where the shelter resources exceed need and the shelter is unable to provide ESG funded services to all eligible tenants, the shelter will have the discretion to determine its own prioritization policy, subject to approval by the City.

Subrecipients must re-evaluate participant eligibility and/or suitability for services every six months or whenever a participant's living situation changes.

e. Performance Standards. Shelters will be evaluated based on deliverables outlined in the project proposal. At a minimum, subrecipients will be evaluated on the following:

- number of persons served (actual v. proposed).
- percentage of program participants moving into more stable housing at exit (goal = 60%).
- percentage of program participants who remain in more stable housing 6 months after exit (goal = 75%).

IV. HOMELESSNESS PREVENTION – SPECIFIC PROVISIONS

a. Evaluation of Individuals' and Families' Eligibility for Assistance. Subrecipients must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing.

In order to be eligible for homelessness prevention assistance, individuals and families must be defined as at-risk of homeless under the following categories and have the ability to remain stably housed after the ESG assistance ends:

- Category 1 – individuals and families with an annual income below 30% of area median income, lacks sufficient resources or support networks and meets on the following conditions:
 - moved two or more times during the last 60 days (i.e. couch surfing);
 - living in home of another because of economic hardship (i.e. doubling up);
 - 21-day eviction notice;
 - lives in a hotel or motel;
 - lives in a unit in which there resides more than one and a half persons per room (doubling up); or
 - exiting a publicly funded institution or system of care.

NOTE: the City has determined that the above list sufficiently covers those persons who are at-risk of homelessness. The City will not be adding any additional characteristics relating to housing instability.

- Category 2 – youth not defined as homeless under the ESG homeless definition but defined as homeless under another federal statute.
- Category 3 – parents or guardians of youth defined in Category 2 above.

Individuals and families who are defined as homeless under the following categories, have income less than 30% of area median income and have the ability to remain stably housed after the ESG assistance ends are also eligible for homelessness prevention assistance:

- Category 2 – imminent risk of homelessness
- Category 3 – homeless under other federal statutes
- Category 4 – fleeing / attempting to flee a domestic violence situation

Subrecipients must evaluate client eligibility every three months or whenever a client's situation changes, whichever occurs earlier.

b. Priorities for Assistance. The City does not have any priorities for homelessness prevention assistance. Clients will receive assistance in the order that they submit a complete application. In the event that two or more completed applications are received at the same time, subrecipients will give preference to the following groups: 1) families with children, 2) persons with disabilities, and 3) persons over 65.

Subrecipients are allowed to create their own priorities as long as they are not discriminatory, are applied consistently, and are subject to the City's approval.

c. Participant's Contribution. Subrecipients have the discretion to determine the amount of a participant's contribution, if any, based on the following: 1) financial assistance requested, 2) client's monthly income, 3) client's assets, and 4) the client's housing situation. Subrecipients may require participants to contribute a percentage of income, a percentage of rent, or a flat dollar amount as a condition to receiving financial assistance.

d. Rental Assistance - Limitations. Program participants can only receive up to 24 months of rental assistance during any 3-year period. Rental arrears is limited to a one-time payment of up to 6 months of rental arrears. Subrecipients have the discretion to establish a maximum amount of assistance, a maximum number of months, or a maximum number of times assistance can be provided.

In addition, except for a one-time payment of rental arrears of the tenant portion of the rent, rental assistance cannot be provided to a program participant who is already receiving rental assistance through other public sources (e.g. Section 8), including those receiving relocation assistance.

Also, rental assistance cannot be provide if the rent exceeds the Fair Market Rent established by HUD under 24 CFR part 888, and complies with HUD's standard of rent reasonableness, as provided under 24 CFR 982.507.

e. Housing Stabilization and/or Relocation Services – Limitations. Program participants can only receive up to 24 months of housing stabilization and assistance during any 3-year period. Housing stability case management is limited to 30 days when seeking permanent housing and 24 months when the program participant is living in permanent housing. Subrecipients have the discretion to establish a maximum amount of assistance, a maximum number of months, or a maximum number of times assistance can be provided.

Additional limitations on housing relocation and stabilization services are:

- security deposits – no more than 2 months' rent.
- utility payments – up to 24 months, including up to 6 months of utility arrears. Eligible utility services are gas, electric, water and sewer.

f. Performance Standards. Service providers will be evaluated based on deliverables outlined in the project proposal. At a minimum, subrecipients will be evaluated on the following:

- number of persons served (actual v. proposed).
- percentage of program participants who remain stably housed, 6 months after assistance (goal = 80%).
- percentage of program participants who remain stably housed, 1 year after assistance (goal = 60%).

V. RAPID RE-HOUSING SPECIFIC PROVISIONS

a. Evaluation of Individuals' and Families' Eligibility for Assistance. Subrecipients must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing.

In order to be eligible for rapid re-housing assistance, individuals and families must be defined as homeless under the following categories and have the ability to remain stably housed after the ESG assistance ends:

- Category 1 – literally homeless
- Category 4 – fleeing / attempting to flee a domestic violence situation.

Subrecipients must evaluate client eligibility annually or whenever a client's situation changes, whichever occurs earlier. During the annual re-evaluation, a client's income must be below 30% of area median income in order to continue receiving rapid re-housing assistance.

Once a person is determined to be eligible for ESG funded rapid re-housing, subrecipients should enter that person into PIC's coordinated assessment system, Hale 'O Malama, if that person is not already in the system.

b. Priorities for Assistance. The City does not have any priorities for rapid re-housing assistance. Clients will receive assistance in the order that they submit a complete application. In the event that two or more completed applications are received at the same time, subrecipients will give preference to the client with the higher Vulnerability Index – Service Prioritization and Decision Assistance Tool (VI-SPDAT) score.

Subrecipients are allowed to create their own priorities as long as they are not discriminatory, are applied consistently, and are subject to the City's approval.

c. Participant's Contribution. Subrecipients have the discretion to determine the amount of a participant's contribution, if any, based on the following: 1) financial assistance requested, 2) client's monthly income, 3) client's assets, and 4) the client's housing situation. Subrecipients may require participants to contribute a percentage of income, a percentage of rent, or a flat dollar amount as a condition to receiving financial assistance.

d. Rental Assistance - Limitations. Program participants can only receive up to 24 months of rental assistance during any 3-year period. Rental arrears is limited to a one-time payment of up to 6 months of rental arrears. Subrecipients have the discretion to establish a maximum amount of assistance, a maximum number of months, or a maximum number of times assistance can be provided.

In addition, except for a one-time payment of rental arrears of the tenant portion of the rent, rental assistance cannot be provided to a program participant who is already receiving rental assistance through other public sources (e.g. Section 8), including those receiving relocation assistance.

Also, rental assistance cannot be provide if the rent exceeds the Fair Market Rent established by HUD under 24 CFR part 888, and complies with HUD's standard of rent reasonableness, as provided under 24 CFR 982.507.

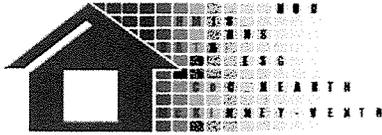

e. Housing Stabilization and/or Relocation Services – Limitations. Program participants can only receive up to 24 months of housing stabilization and assistance during any 3-year period. Housing stability case management is limited to 30 days when seeking permanent housing and 24 months when the program participant is living in permanent housing. Subrecipients have the discretion to establish a maximum amount of assistance, a maximum number of months, or a maximum number of times assistance can be provided.

Additional limitations on housing relocation and stabilization services are:

- security deposits – no more than 2 months' rent.
- utility payments – up to 24 months, including up to 6 months of utility arrears. Eligible utility services are gas, electric, water and sewer.

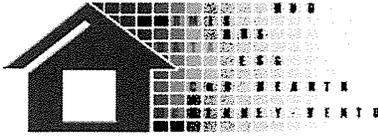

f. Performance Standards. Service providers will be evaluated based on deliverables outlined in the project proposal. At a minimum, subrecipients will be evaluated on the following:

- number of persons served (actual v. proposed).
- percentage of program participants who remain stably housed, 6 months after assistance (goal = 80%).
- percentage of program participants who remain stably housed, 1 year after assistance (goal = 60%).

CERTIFICATIONS

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing – The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan – It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace – It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying – To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction – The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan – The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 – It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Nelson H. Koyanagi, Jr., Director
Department of Budget and Fiscal Services

Date

SPECIFIC CDBG CERTIFICATIONS

The Entitlement Community certifies that:

Citizen Participation – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan – Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan – It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds – It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2009, 2010 & 2011 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to

pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force – It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws – The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint – Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR §570.608;

Compliance with Laws – It will comply with applicable laws.

Nelson H. Koyanagi, Jr., Director
Department of Budget and Fiscal Services

Date

SPECIFIC HOME CERTIFICATIONS

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance – If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs – it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in 92.214.

Appropriate Financial Assistance – before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG CERTIFICATIONS

I, Kirk W. Caldwell, Chief Executive Officer of the City and County of Honolulu, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 CFR 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 CFR 576.53 concerning the continued use of buildings for which Emergency Solutions Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 CFR 576.55.
3. The requirements of 24 CFR 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 CFR 576.57, other appropriate provisions of 24 CFR Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 CFR 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 CFR 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 CFR Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 CFR 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 CFR 76.56.
10. The requirements of 24 CFR 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental

review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 CFR Part 58.

11. The requirements of 24 CFR 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney -Vento Act (42 USC 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of an amended and approved Consolidated Plan with its certifications, which act as the application for an Emergency Solutions Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code)

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge"

employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan
