Written Testimony

I am writing in support of GIA funds allocated to the Malama Honua Public Charter School to support the school's relocation. The school's teachers and staff have received rave reviews from parents and community members over the last couple of years. Working with our youngest community members requires great attention and care, and it starts with providing our next generation with the space to explore, learn, and reflect. By supporting the planning, design and permitting of the relocation site, it will not only facilitate the development process in a larger site, but will take an immense amount of pressure off of the staff and its board - allowing them to focus on the students and education program at hand, and allow the relocation to progress more efficiently and effectively. Mahalo city council for supporting the students and teachers!
