Written Testimony

I support funding for Kanewai Spring and oppose suggested amendment to delete funding under the proposed draft FD1 by Councilman Ozawa. This spring needs to be preserved for cultural and historical purposes for future generations. It breathes life into the rare plant species and fish life that thrives in the natural springs. Preserve the natural beauty and precious water sources of our island. This is the last of its kind as East Honolulu has been the prime choice in the real estate market. This site needs to be cared for by the various community organizations and individuals that will educate others and bring greater understanding to keeping this site open for all to enjoy. Mahalo!
