Written Testimony

I am representing myself and Malama Maunalua. The funding for the restoration and conservation of Kanewai Spring needs to be left in place. This source of fresh water flow into our Bay plays an important role in the history of Maunalua Bay and in the Bay's health for future generations. Kanewai Spring's conservation can be yet another demonstration of what a community can achieve. The limited issues of a few nearby residents can be addressed more reasonably and in a way that does not cause an entire community to lose the benefit of this natural resource. Jennifer Taylor Maunalua resident and Malama Maunalua Board President
