

**Testimony of Benton Kealii Pang**

**In Opposition of Bill 15, CD2 FD1-Ozawa**

My name is Benton Kealii Pang, a resident of Kaimukī, O'ahu. I am the current chair of the Clean Water and Natural Lands Commission which, after many public meetings and a site visit, recommended that the City Council provide \$1M to help the community purchase and protect Kānewai Spring.

I oppose the current draft of Bill 15, CD2 FD1 as amended and would hope that Councilman Ozawa reconsider his amendment, and withdraw it.

My testimony is offered as a private citizen and is not representative of the Clean Water Natural Lands Commission. Mahalo.

Sincerely,

Benton Kealii Pang, Ph.D.
