Written Testimony

I support the funding for Kanewai Spring and oppose the suggested amendment to delete the funding under the proposed draftFD1 by Councilman Ozawa.  
These homeowners don't know how detrimental this spring is to the beauty of water that surrounds them. If this source of fresh water is ever cut off it will not supply the living organisms that live in the water to keep it clean and living! They will live in a dead lagoon. Hawaii should be for people who love the land and sea and it's people to enjoy. You who have occupied this space it's time to give back what beauty is left.
