Subject: Testimony in Support of Amendments to the 2016 City Budget

As the President, Palehua Townhouse Association, our board is in strong support of the amendments to the 2016 City Budget to support funding for the following projects:

- Makakilo Drive Extension
- Kapolei Regional Park Expansion
- Waianae Emergency Access Road
- Farrington Highway Contraflow Lane (Nanakuli)
- Oneula Beach Park Improvements
- Rehabilitation of Streets, including streets in Kapolei, Ewa Beach, Nanakuli, Makaha and Waianae.
- Increasing Lifeguard Coverage Hours

Although I am writing as the President, Palehua Townhouse Association. I know as Board member of the Hawaii Community Development Authority – Kalaeloa, OMPO/Citizens Advisory Committee member and past member of Makakilo/Kapolei/Honakai Hale Neighborhood Board #34 that all of these projects need funding. Some are long past due in being funded for the safety and improve the quality of life for the residences of the Leeward Coast.

Please include these amendments to the 2016 City Budget. Thank you for allowing me to opportunity to submit written testimony.

Sincerely,

Mike Golojuch, President  
Palehua Townhouse Association
