Written  
Testimony

Testimony in SUPPORT of Bill 1 February 9, 2017 Aloha, my name is Mary Lacques and I am testifying in strong support of Bill 1 which supports the Ko`olauloa Sustainable Communities Plan with all references to proposed future development at Malaekahana deleted. I am a resident of Hale'iwa and can speak first hand of the intensified pressures from traffic and other factors put on Windward O'ahu, which is already overburdened. Not only would further development negatively affect the health, safety and well-being of residents, but would also have adverse affects on our visitors. Mahalo in advance for doing what is pono by passing Bill 1, Mary Lacques PO Box 14 Hale'iwa HI 96712
