Written Testimony

I strongly support the Ko'olauloa Sustainable Communities Plan with all references to proposed future development at Malaekahana deleted. Growing up in Kaaawa I've seen the growth of the Ko'olauloa grow bigger each year with developers by subdividing property's for vacation rentals or building more homes for a quick buck. The only good this does is benefit them. why because the truth is majority of or people can't afford a 600,000 Dollar house witch brings this back to Kaaawa see growing up hear the culture was strong and the people got along by lending a helping hand. The sad thing is you don't see this hardly ever now a days I gotta beg people most or mainlanders to slow down and stop speeding no body cares I worry that mass development would do the same and make matters even worse we all know how bad traffic is and if you think you can just build another road then that's just crazy. This place is special and Beautiful just like Kailua use to be lets not make this mistake again thanks Daniel M
