Written Testimony

I am a registered voter and cat owner and support Bill 22, especially the Neuter Now certificates for \$10 for sterilization of feral cats. I realize there are those that want to kill feral cats, but feral cats are here usually because a human moved away and left them abandoned, The pet and feral cat sterilization program is humane and vital to Oahu. The Big Fix program is providing a great community service. Thank you for voting YES to Bill 22.
