Written Testimony

I strongly support this bill and believe it will go a long way to ensuring that more cats and dogs can be spayed and neutered. Cost is one of the biggest factors that lead to owners leaving their pets intact, and it inevitably leads to unwanted litters and an increase in our already bad pet overpopulation problem. This bill will also make it easier for those who engage in Trap-Neuter-Return to do so, and perhaps even make it so more people are willing to volunteer due to it becoming more affordable. Please pass this bill.

Written Testimony I believe this bill will go a long way towards ensuring that people are able to get their pets spayed and neutered affordably. I also believe it will encourage more people to get involved with Trap-Neuter-Return by making it more affordable to community caregivers. Please pass this bill.
