RES 17-98

IN STRONG SUPPORT FOR RESOLUTION 17-98

]

Aloha, Chair Ann Kobayashi And Committee Members:

For nearly two decades, windward residents have tried to open a dog park without success, while other communities with smaller population have acquired one. For three years now the windward dog park hui has been diligently working to open an off-leash dog park. It has contacted state and city officials and has collected thousands of petitions in support.

We thank our government officials, in particular, councilman Ikaika Anderson, for responding to the needs of the windward community by supporting our efforts. The windward dog park hui is committed to providing the necessary assistance for this long-standing dog-park project.

Thank you for your support.
