Written Testimony

As A retired Housing Commissioner of the City and County, I would like to support Bill 58 and Bill 59. These 2 bills will support the required resources that are needed to make affordable housing available for the disadvantaged families on the island of Oahu. In my opinion, a developer should receive his reward from the thanks of the many families that he helped to make affordable housing a reality instead of a dream. Therefore, Bill 58 and 59 is a move in the right direction as we all work together to address this overdue and great need of developing affordable housing in the County of Honolulu. I would also like to state that the Administrative fees should be deposited into the Affordable Housing Development account and not into the general funds. Thanks for this opportunity to speak on behalf of the many families that are in need of affordable housing.
