

August 17, 2017

Dear Honolulu City Councilmember:

District # 7

I am a condo owner in your district and I strongly oppose Bill 17. Bill 17 imposes mandatory building envelope inspections by a licensed engineer by condominium associations.

Associations already perform reserve studies, which include building envelope inspections, thus, Bill 17 is unnecessary and would result in a financial burden to condo owners such as myself.

I urge that this Bill be deferred

Mahalo,

Name Belle Matthews
