OFFICE OF THE
CITY AND COUNTY CLERK

1948 ACTIVITIES

I. CLERICAL ASSISTANCE TO THE BOARD OF SUPERVISORS:
RECORDING AND REPORTING:

During the year 1948, 59 meetings of the Board of Supervisors were held. The Board also held 34 public hearings on bills pending, on public improvements, improvement districts, on the increase in water rates, the abandonment of streets, etc.

202 Messages from the Mayor, 2534 Departmental Communications, 1096 Miscellaneous Communications and 124 petitions were received and acted upon, a total of 3956, as against a total number of communications of 3535 for 1947. 3928 Committee Reports (1166 Finance and 2762 Public Works) and 761 Resolutions of the Board were presented and acted upon, as against 3514 Committee Reports and 716 Resolutions for the year 1947.

49 new Bills and 5 Bills pending from the previous year were acted upon. 39 of these bills were enacted into Ordinances and 15 were tabled and filed. A list of these Ordinances and Bills is appended to this report on pages 22 to 28. Among the Ordinances enacted during 1948 were Ordinance No. 1119, providing that Rent Control in the City and County of Honolulu shall continue until the termination of federal rent control on housing accommodations, and Ordinance No. 1128, containing a revision of the Traffic Code.

42 Resolutions of the City Planning Commission were approved, as also were 34 Variance Permits granted by that Commission. Three City Planning Commission Resolutions were disapproved by the Board of Supervisors. These Resolutions are listed on pages 29 to 36.

34 Contracts covering public improvements were approved by the Board. A list of these contracts showing the amount and to whom such contracts were awarded, is appended to this report, on pages 63 and 64.

133 Master Plumbers' Bonds were received, approved and filed with the City and County Treasurer, as required by law. 259 documents, - deeds, assignments, easements, agreements, etc., were approved for signature by the Mayor and Clerk. 374 Permits for the exhibition of motion picture shows and legitimate stage productions on Sundays were issued during the year.

The work of the division of this office having to do with clerical assistance to the Board of Supervisors has been increasing continuously for the past several years. The volume of work now being carried on by this division is more than can be properly and efficiently performed by the employees concerned, and I have requested the creation of two new positions of Clerk-Typist, CAF-4, to assist the present employees in the preparation of the subject-index covering all matters acted upon by the Board of Supervisors which in my opinion is one of the most important and useful functions of this office; and in the preparation of the Journal of the Board of Supervisors. I have also requested the creation of a new position of Assistant Clerk-Typist, CAF-3, to assist the present Clerk-Machine Operator in the preparation, segregation and filing of ditto machine copies of Communications, Reports and Resolutions of the Board.

A comparative Summary, covering the past five years, and showing the work passing through the office of the City and County Clerk as Ex Officio Clerk of the Board of Supervisors, is made a part of this report, on page 14.

II. REGISTRATION OF VOTERS: ELECTIONS:

1948 being an election year, the annual budget of this department included nine additional temporary employees, 1 CAF-4 and 8 CAF-3 positions. In May, because of the increased volume of work, request was made for additional employees, and by Resolutions Nos. 255 and 256 of 1948, six additional temporary CAF-3 positions were created, effective May 16, 1948. In addition to this, by Resolutions Nos. 380 and 569, the City and County Clerk was empowered to appoint not more than twenty-six Deputy Registrars, to serve without pay, to assist in the registration of voters. These 26 special deputies did field work, registering voters in the outside districts as well as in Honolulu. Among them were representatives of the two major parties and of organized labor. All of these registrars worked long hours, many of them after their regular working hours, and to them much credit is due for the record registration. The paid employees of the department, including the temporary election clerks, put in many hours of overtime, working many nights, Sundays and holidays, for which no extra pay was allowed. The only method of compensating these employees for this extra time is by allowing them time off, which I do not believe is a satisfactory method. I believe serious thought should be given to some method of adequately paying these employees for overtime work.

As of December 31, 1947, there were 54,729 registered voters. New registrations, reinstatements and transfers brought this up to a total of 71,869 for the primary election, an increase of 17,140. At the primary election on October 2nd, a total of 56,227 votes was cast, a per-

centage of .782. This percentage is unusually low for the City and County of Honolulu, the last several elections showing a percentage of approximately 83%. This low percentage may have been in part caused by the Honolulu Rapid Transit Company strike, which presented a serious transportation problem at the time the primary election was held, and may have prevented many voters from going to the polls.

Immediately following the primary election, the Great Register of Voters was reopened, and new registrations were taken for the general election. For this election, a total of 80,239 voters were eligible to vote, an increase of 8,370 over the registration for the primary election. At the general election on November 2, 1948, a total vote of 68,519 was cast, making a percentage of votes cast of .8539 probably the highest percentage of votes cast in any election in this City and County. The registered vote of 80,239 and the votes cast of 68,519 are the highest in the history of the City and County, and reflect the rapid growth of the population of this Island.

Under Act 242, Session Laws of 1947, voters confined to their homes by illness and physical disability were for the first time permitted to vote. Previously, only hospital and institution patients were allowed to vote by absentee ballot. Under this law, 19 such voters cast their ballots in the primary election and 48 cast ballots in the general election. This law provides that voters ill and confined to their homes must make application for ballots not more than twenty nor less than ten days prior to election day. Many applicants were refused ballots because their applications were made too late, and it is my recommendation that this law be amended and the time for application be extended to within five days of an election, which will put these voters in the same category with voters confined in hospitals and institutions.

Under Act 145, Session Laws of Hawaii 1947, which increased the number of election inspectors in precincts having more than 800 registered voters, 28 precincts in the fourth district and 10 precincts in the fifth district were enabled to have double sets of election inspectors, one set working from 7:30 a.m. until 5:30 p.m., when the polls closed, and the second set coming in at 5:30 p.m. to tally the ballots. While this is an improvement over the former law, it is my opinion that these precincts are entirely too large, and very much better results would be obtained if the size of the precincts could be reduced to approximately 600. It might be interesting to note here that in the City and County of Los Angeles, State of California, which has a total registration of 1,072,931 voters, there are 3369 precincts, each having a registration of approximately 300. If the precincts of this City and County could be reduced to a registration of around 500 each, the results of elections would be received much earlier, and the margin of error would be greatly reduced. Also, if voting machines were installed, there would be no need for the second set of inspectors.

Beginning on November 4th, a two-day conference of all County Clerks was held with the Secretary of Hawaii, for the discussion of problems encountered in the elections, and also for the purpose of discussing proposed legislation to be introduced at the coming session

of the Legislature covering needed amendments to our election laws. The most important matter discussed was the reduction in size of precincts. There are at this time in the City and County of Honolulu, thirty precincts having a registration of more than a thousand voters, two of these having a registration of more than 2000. The Secretary of Hawaii has requested this office to make a study of these large precincts with a view to cutting them up into smaller precincts of not more than 600 voters. This work will entail a vast amount of study and careful checking of boundaries and population, and will take some months to complete. Because of this added work, I am requesting that 1 CAF-4 and 2 CAF-3 positions be continued on a temporary basis for a period of six months in 1949. This study has been requested by the Secretary of Hawaii in order that he may have factual information on which to base a request to the 1949 Legislature for additional funds, and for necessary amendments to our election laws.

As a result of the conference of County Clerks, the following recommendations were unanimously adopted:

- (1) That Act 242, Session Laws of 1947, be amended to extend the time for filing applications for ballots to five days prior to elections, instead of ten days as at present. This would place this group of voters in the same category with voters confined in hospitals and institutions.
- (2) That the time between the primary and general elections be increased from one month to six weeks, in order to give the County Clerks sufficient time to prepare for the general election.
- (3) That the size of precincts be reduced to a registration of not more than 600.
- (4) That Act 156, providing for the use of two sets of election inspectors in precincts having more than 800 registered voters be amended to include the specific duties of each set of inspectors.
- (5) That the office staffs of the Secretary of Hawaii and of the County and City and County Clerks be increased sufficiently so that the manifold duties incident to an election may be adequately and efficiently performed.

Another conclusion reached in the Conference was that there is an urgent need for improvement and modernization in our election system, and that the Territory of Hawaii should adopt some of the improved methods followed by some of the larger cities on the mainland in the conduct of elections. The Secretary of Hawaii has suggested that a representative of his office and a representative from the offices of each of the County Clerks be sent to the mainland to study up-to-date election systems, procedures and methods. I heartily concur in this recommendation.

Another duty performed by this office in connection with elections is the taking of oaths of persons temporarily in Hawaii to whom mainland absentee ballots have been sent. During this election period approximately 60 such persons came into this office to swear to affidavits attached to absentee ballots from various cities all over the mainland United States. At the present time our election laws do not permit us to send absentee ballots to voters temporarily on other islands or on the mainland, and I believe that serious thought should be given to the amendment of our laws to permit the sending out of absentee ballots.

In the primary election 27 City and County Candidates filed nomination papers and paid in a total of \$270.00 in nomination fees, which sum has been deposited with the City and County Treasurer. Mayor John H. Wilson, William Chung Hoon, Jr., Treasurer, Leonard K. Fong, Auditor, Leon K. Sterling, Sr., City and County Clerk, and Duke P. Kahanamoku, Sheriff, were all elected outright in the primary election, and it was not necessary for their names to be placed on the ballots for the general election. The City and County ballot for the general election therefore, contained only the names of fourteen Supervisors, and as a result of the election, the following Supervisors were elected to serve for the ensuing two years: John M. Asing, Milton D. Beamer, Ernest N. Heen, Richard M. Kageyama, Noble K. Kauhane, Chuck Mau and M. C. Pacheco.

Appended to this report are tabulations showing the results of the votes cast for Territorial and City and County officers in the Primary Election, and for City and County officers in the General Election. Also appended is a summary showing the total number of qualified voters as of December 31, 1948. (See Sheets marked 21, 21a and 21b.)

III. PENSION ADMINISTRATION:

(a) Pension Fund for Policemen, Firemen and Bandsmen (Part 1, Chapter 21, Revised Laws of Hawaii 1945)

The Board of Trustees of the Pension Fund for Policemen, Firemen and Bandsmen, appointed by the Mayor with the approval of the Board for terms of four years, consists of three members with the City and County Clerk as ex officio Secretary. All administrative work of the Pension Fund is handled by this office. The present Trustees are:

Mr. Y. F. Zane, Chairman
Mr. Joseph J. McGettigan
Mr. Richard N. Mossman, Jr.,
Mr. Leon K. Sterling, Sr., ex officio Secretary.

Mr. James C. Gibb, formerly a member of the Board, resigned as of June 29, 1948, because he had taken up permanent residence in Hilo, Hawaii, and Mr. Richard N. Mossman was appointed by the Mayor to fill out his unexpired term.

As of January 1, 1948, there were 217 recipients of pensions and allowances, including policemen, firemen and bandsmen, their widows and dependent children under sixteen years of age. During the year 19 new pensions and allowances were granted, six pensioners passed away and three minor children reached the age of sixteen years and their allowances were cancelled, so that as of December 31, 1948, there were 227 persons receiving pensions and allowances.

For the payment of pensions and allowances and for administration expenses, a total appropriation of \$236,529.00 was provided by the Board for the year 1948. Of this total appropriation approximately \$235,000.00 has been expended or encumbered.

(b) City and County Pension System:
(Part 2, Chapter 121, Revised Laws of Hawaii 1945)

The members of the City and County Pension Board are appointed by the Mayor with the approval of the Board of Supervisors for terms of five years. The members of the Board at present are:

Dr. A. K. Kaonohi, Chairman
John F. Calistro
John F. Harris
James G. Needles
C. Wayson Williams
Leon K. Sterling, Sr., ex officio Secretary.

This Board grants pensions to employees and former employees of the City and County of Honolulu who have had more than ten years service and who are not eligible for pensions under the Employees Retirement System of the Territory. The Board is also empowered to grant pensions to widows of former employees of the City and County. With very few exceptions, pensioners under this system receive the minimum pension of \$30.00 per month, plus the bonus of \$25.00 per month.

As of December 31, 1947, there were 58 pensioners on the active list. During the year 21 new pensions were granted and 7 pensioners died, so that as of December 31, 1948, there were 72 persons receiving pensions under this system.

A total appropriation of \$24,000.00 was provided by the Board of Supervisors for the payment of pensions under this System. Of this amount, approximately \$23,750.00 was expended.

(c) Legislative Pensions
(Mandated by Special Acts of the Legislature to
be paid for by the City and County of Honolulu.)

As of December 31, 1947, there were 80 persons receiving pensions under Special Acts of the Legislature. During the year 7 pensioners passed away and no new pensions were granted, so that as of December 31, 1948, there were 73 pensioners receiving legislative pensions. An appropriation of \$49,650.00 was provided by the Board of Supervisors for the payment of these pensions, out of which was expended approximately \$44,765.00.

A list of all pensioners under the three systems, giving the effective dates of the pensions and the reasons why such pensions were granted, is incorporated in this report, on pages 37 to 62 inclusive.

The Territorial Retirement and Pension Commission, appointed under Act 218, Session Laws of Hawaii 1945, to collect and collate information concerning the operation of all territorial and county retirement or pension systems, and of specific pensions; to investigate and study methods of integrating all of said systems and said pensions into one system to be operated by said Territory upon a sound actuarial basis with general classifications of present former and future employees and officers of the Territory and counties and to prepare and recommend such legislative measures as may be deemed advisable or necessary to effectuate the conclusions reached as to the result of the studies and investigations, has issued its report, following a study over a period of three years.

This Commission has made the following recommendations:

- (1) As to the Pension Fund for Policemen, Firemen and Bandsmen, established under Act 220, S. L. 1917:

That this fund be continued under the counties and city and county until all obligations are finally met.

- (2) As to the City and County Pension System, established under Act 237, S. L. 1937:

That active employees now included under the county systems should become members of the Employees Retirement System, but former employees pensioned under that Act should continue to receive the pensions granted them from their respective counties; that the only future functions to be performed by the present boards would be (a) certification of vouchers for payment of pensions; (b) authorization of payment of a pension to a former county employee who has had 10 or more years of service

and who is not eligible for a benefit under the Employees' Retirement System, upon application from such former employee when he has reached the age of 60, and (c) authorization of payment of pensions to widows of deceased pensioners.

- (3) As to Legislative Pensions mandated under special acts of the Legislature:

That the granting of legislative pensions should be avoided whenever possible. The Commission does not recommend any change in the basis of financing these pensions, but suggests that at the time they are granted the legislature consider the amount of the reserve which would be needed to provide the pensions to be granted, in order that the full cost of the proposed benefit may be known.

- (4) The Commission also recommends that this change in the administration of pensions be made effective January 1, 1950.

PERSONNEL:

As of December 31, 1948, this Department had fourteen permanent employees, including the City and County Clerk, and three temporary employees, a total of seventeen. During the year fifteen temporary employees were added for varying periods to assist in election work. The employment of all but three of these temporary employees was terminated before the end of the year, and three employees were continued and will be continued in employment for approximately six months in 1949 to assist in a study of some of the larger precincts of the City and County of Honolulu which has been requested by the Secretary of Hawaii. In addition to the fifteen temporary employees who received salaries, the City and County Clerk was authorized to appoint twenty-six Deputy Registrars to serve without pay to assist in the registration of voters during the election periods.
