HONOLULU

I believe I submitted incorrectly to "Zoning & Housing" this is testimony opposing the Bill:

My name is Amanda Cravens, my immediate and extended families are long time members of the Laie Community. I am here voicing my support to Oppose Bill Number #1 seeking the council to amend the bill to include housing in the current amendment.

Written
Testimony

As a resident of Laie, I and my family have been rooted in this community for generations. My spouse and children have attended Laie Elementary School and collectively our family has been huge supporters and contributors involved in many of the events and establishments in surrounding areas like Ka'a'awa, Hau'ula, La'ie and Kahuku; including being a member of the church in Laie. This place has always provided strongholds of Family Values and opportunities to not only improve but also enhance education and the preservation of culture. I would like to give my children and grandchildren the opportunity to live in this community for the nature of our values and belief in making this a wonderful place for our keiki and Kupuna; offering options which include housing, education and employment. This development will provide so much more reinforcement in the priorities of education, self motivation for success and the intrigue to continue building the foundation for future generations, which in turn will benefit a thriving economy. A positive impact will support the need for more civil awareness, incline more

MISC. COM. 7237

civil involvement and commitment, reinstate the value of ownership and most importantly communicate more accountability. I encourage the city Council to amend the Bill #1 in favor of increasing homes within the footprint of Laie to 700+ if this is manageable and acceptable to the Council.

Thank you for your time and consideration,
