Written Testimony

I was born and raised in Kahuku and I love this place, the land and coasts and the rural country community we have here. I support Bill 1 (2017) and the proposed amendment to designate Malaekahana land as preservation. We must preserve our remaining agricultural lands on O'ahu, concentrate development within the urban core and keep urban designations within the Community Growth Boundaries in La`ie. I am against any further development plans Envision Laie might have which does not stay within the urban designations within the community growth boundaries in La`ie. Our roads, infrastructure and public facilities are already crumbling, the sea level is rising and we need to work towards food sustainability for our future generations.
