Written Testimony

Aloha, the community has been without lighting for the park and pool for a couple of years already. The community is working with DPR to allow it to provide temporary lighting for the pool, so that the keiki can train three nights a week as a short term measure. The community has also been able to find a firm to install new poles and lights for the field for \$419,000,m significantly less than the DPP estimate. The soccer teams have no way to train at night. Please encourage the Mayor to fund the lighting projects and set them as a high priority.
Thanks,
Bill Quinlan
