WHAT ARE YOUR FAVORITE BRIDGE FEATURES?

Consider bridge functions and features by placing a dot next to your three most favorite features. Each participant will get three dots: 1, 2, and 3. Rate your priorities with 1 being the highest and 3 being the lowest.

LOOKOUTS

Pros: opportunity to gather and activate bridge, public space activity on bridge, opportunity to enjoy canal and views of Diamond Head, potential tourist attraction

Cons: Loitering, maintenance

SEATING

Pros: Bridge as a public space, opportunity to gather, overwater-park-like feel, opportunity to enjoy canal and views of Diamond Head, potential tourist attraction

Cons: Maintenance, activation, must be designed for safety and clear lines of sight

RAILINGS

Pros: Identity-enhancing opportunity

Cons: Maintenance and safety considerations per material type, some options may obstruct views

DELINEATION

Pros: Defined space for people walking, bicycling, lingering

Cons: More utilitarian, less mixing for public space purpose

ACCESS MANAGEMENT

Pros: Precludes people driving from accessing bridge, potential continuous connection between trail and bridge with diverters, opportunities for plantings

Cons: Bollards and stairs are potential obstacle for people riding bicycles, stairs could manage access but are not compliant with ADA

WHAT ARE YOUR FAVORITE BRIDGE FEATURES?

Consider bridge functions and features by placing a dot next to your three most favorite features. Each participant will get three dots: 1, 2, and 3. Rate your priorities with 1 being the highest and 3 being the lowest.

KIOSKS/CAFES

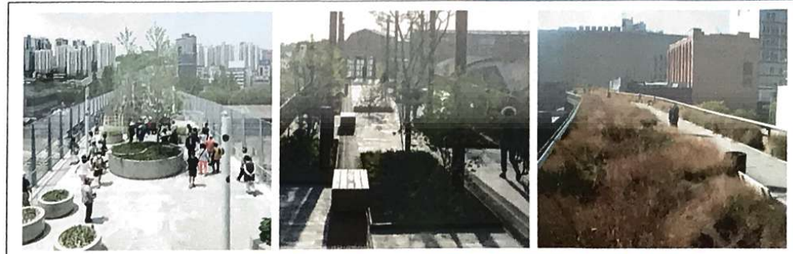
Pros: Public space activation, potential to provide shade/respite

Cons: Congestion at ends of bridge, higher cost

LIGHTING

Pros: Potential iconic quality, accessible feeling of safety at all times of day

Cons: Waikiki Special Design District precludes lighting drawing attention to structure



PLANTINGS & VEGETATION

Pros: Enhanced connection to nature, allows for ecological design, stormwater infrastructure

Cons: Heavy impacting bridge design/ cost, greater maintenance needs

PUBLIC ART

Pros: Opportunity to enhance Hawaiian sense of place or feature local artists, support artist community

Cons: Space requirements for art installations, arts piece compatibility with bridge structure design

VIEWSHED PRESERVATION

Pros: Connection to surroundings and landscape, preserves important Diamond Head (Leahi) and Mauka-Makai Viewsheds

Cons: Limits structural elements of bridge
